Ernest E. Fields, Gooding, Idaho

"N" It takes N,men

Ernest E. Fields operates the Idaho Hereford Ranch at Gooding, Idaho, where he raises sugar beets, corn, small grains and outstanding cattle on more than 850 acres of irrigated land.

"We use more nitrogen every year — just can't get along without it. Last year, we used USS Nitrogen Fertilizer and it helped us get up to 130 bushels of barley per acre, 26 tons of sugar beets per acre, and 72 bushels of wheat per acre; we couldn't have done it without nitrogen. I figure I get back at least \$4 for every \$1 spent on fertilizer."

Other successful Idaho farmers agree — it takes "N," Men — Nitrogen for profits. You can increase your dollars per acre with quality, profit-producing USS Nitrogen Fertilizers made by United States Steel. Buy from your local dealer. For additional information, write to U. S. Steel, 919 Kearns Building, Salt Lake City, Utah.

Newer and finer in every way. Yet—

CHEVROLET IS LOWEST PRICED OF THE LOW-PRICED THREE IN THE MODELS MOST PEOPLE BUY!

Chevrolet is by far the newest, nicest car in its field—the only one that's new from ride to roof. And in the models most people prefer, Chevy costs you less than the other two low-priced cars.*

Chevrolet does more for your dollars than any other car in the low-price field. Even the lowest priced models share in Chevy's unique new beauty and costly car feel.

Every Chevrolet's a full nine inches longer—lower and wider, too. When you hitch these new dimensions to

any of Chevy's new engines, you've got a big serving of spirited action.

See your dealer to find out how little Chevy's brand of fun will cost you. You get more for your money in every model—and Chevrolet is the lowest priced of the low-priced three in the models most people buy!

Only franchised Chevrolet dealers
