In Easter Parade

Served in regal splendor is the king of lamb cuts, a handsomely decorated Frenched Leg of Lamb. The orange shells which cradle assorted cut fruit act as the escort for the leg of lamb at this Easter dinner spread.

Bells are ringing, choirs are singing and spring's latest styles and colors are all being modeled—because it's Easter.

Easter presents another opportunity to see a parade... a parade of Eastertime food fancies.

In this case, the leg of lamb has been Frenched, that is, the meat has been removed from the lower end of the shank bone so as not to expose more than 1 inch.

Shopping and Preparing
Shopping for and preparing this meat cut is relatively easy. Reba Staggs, meat expert, suggests that for an average size leg of lamb, one be purchased that weighs between 5 and 6 pounds.

To roast, place the leg of lamb on a rack in an open roasting pan, fat side up, and allow it to roast in a slow oven (300° F.) for 30 to 35 minutes per pound. This will take between 2½ and 3½ hours.

If using a roast meat thermometer, the thermometer will register 175° F. when the meat is medium-done and 180° F. when the meat is well-done.

The fruit cup garnishes are actually quite simple to make. Cut firm oranges in half, and carefully remove the fruit from the shell. Notch the edges of the orange shell so they look like baskets. Cut the fruit into small pieces and return to the orange baskets. Top each basket with a strawberry.
