**Legion Ready  
For Tri-District  
Meet at Burns**

Fred E. Bennett, commander of American Legion district No. 15, will be introduced as a candidate for Oregon state vice commander by representatives of the Nyssa, Adrian, Ontario and Vale posts at the Legion's tri-district conclave in Burns Saturday, according to local Post Commander Harold Brendle.

Brendle said district No. 15 representatives plan to arrive in Burns in parade fashion to introduce Bennett. A parade of the tri-district will be held at 3:30 followed by a banquet, initiation and a dance. State Legion officers and the leatherneck drum and bugle corps from Portland will be present at the one-day meet.

Brendle said the three-district meeting is being held in celebration of the American Legion's 40th birthday. The organization was organized in Paris March 15-17, 1919, by men of the American Expeditionary force.

Brendle and Commander Jim Phifer of Adrian's post No. 106 reminded all Legionnaires that they are invited to attend the Saturday meeting in Burns. The two men urged those planning to attend to obtain reservation cards from their post.

**INSURE YOUR CROP!**

**KILL alfalfa weevils with HEPTACHLOR**

...won't contaminate milk or meat!

**ADULT LARVAE**

**ALFALFA WEEVIL**

**DAMAGE:** Feed on leaves, buds, growing tips. Reduce yields up to 50%. Destroy the leafy, high protein plant parts that contain 70% of alfalfa's food value.

**CONTROL:** Heptachlor 2E Emulsifiable Concentrate or 1½% dust. Consult your state agricultural college, county agent, or dealer for exact dosage recommendations.

Protect your alfalfa crop by killing adult alfalfa weevils before they lay their eggs! Little treating was done last year, which might mean a heavy infestation this year. You can insure your crop against alfalfa weevil damage for less than \$1.00 per acre with Heptachlor emulsion. If you don't treat, crop losses may run ½ ton or more per acre. Don't take chances! Insure your crop now with an early season application of Heptachlor!

GET HEPTACHLOR AT YOUR DEALER TODAY!

**HEPTACHLOR**

... also kills soil insects!

**NO CONTAMINATION!** Tolerance for the use of Heptachlor has been established under the Miller Bill, and USDA and other tests have confirmed the fact that Heptachlor provides effective control of forage insects without contaminating milk or meat. Because Heptachlor is such an effective insecticide, minimum amounts have residual effectiveness, and yet are safe for use on crops fed to cattle.
