Crowds View Veterans' Day Parade on Main Street

NYSSA'S JUNIOR HIGH BAND, pictured above, was one of eight school bands participating in the big Nyssa-Adrian-Ontario-Vale Veterans' day parade Tuesday morning. A multitude of marching units took part in the four-city parade on Veterans' day. Pictured directly behind the junior high band is Nyssa's Job's Daughters drill team which also took part in the parade. Cool morning temperatures failed to daunt the parade participants or the large crowd that turned out in Nyssa and Adrian, the last two towns in which the parade appeared this year, to view them. The eight bands came from the junior and senior high schools of Adrian, Ontario, Vale and Payette, as well as Nyssa. Color guards in the parade were from the Legion and auxiliary posts in Nyssa, Adrian, Ontario and Payette, and the VFW of Ontario, the Ontario National Guard

unit and the Marine reserves. Besides those shown above, Nyssa's school drill team, the Eagles' auxiliary drill team and all local Scout units also appeared in the line of march. This year's parade began in Vale at 9 a.m., journeyed on to Ontario, appeared in Nyssa at 11:45 and traveled on for their final appearance in Adrian. Fred Bennett, the Legion's state vice commander, headed the parade in each of the four towns directly behind the front color guard. Adrian also had a girls' drill team in the Veterans' day parade in addition to their Legion and school groups. The parading units of each city led the procession through their home town. The group disbanded after parading through Adrian and was served luncheon in the American Legion hall there. —Journal Photo.

Local Irrigation Official Elected To New PNIAL

Paul House, manager of the North Board of Control, was elected director on the executive committee of the newly formed Pacific Northwest Irrigation Account league organized last week at Madras. The new group was organized during the 47th annual meeting of the Oregon Reclamation congress in Madras, and is composed of representatives of irrigation and reclamation districts in Oregon, Idaho and Washington.

House said the PNIAL's objectives include encouragement, assistance and stimulation of interest in the optimum development of water resources of the Pacific northwest. Insofar as federal participation is concerned, the new group will seek return of some federal moneys derived from power projects and now earmarked for specific use. In other words the PNIAL will stress need to have power revenues set aside for current and future irrigation projects.

The Oregon Reclamation congress, meeting Thursday and Friday, elected Harold Hursh of Huntington and Baker as president and Harold Henigson, secretary of the North Board of Control was named on the resolutions committee and House was named to the agricultural committee.

Among principal speakers at the ORC were Sen. Richard Neuberger who spoke on processed and pending national legislation pertaining to reclamation and irrigation, Harold Nelson and Gilbert Stamm, supervisor of the Bureau of Reclamation's region 1. ORC delegates also discussed the proposed Wilderness legislation which was reported in need of careful study because of restrictions on hunting, fishing, fire protection, mining, logging road construction and even entry by individuals.

Annual Lions Carnival Set

Final plans for the annual Nyssa Lions community carnival to be held Nov. 22 in the old gym were announced Monday at the Lions regular weekly meeting, when it was revealed that three door prizes with a retail value of over \$100 will be awarded at the affair.

These carnival prizes include a 3/8-inch electric drill and attachments, a camp cooler and an electric blanket.

The local Lions club depends upon the annual carnival, with its many booths and concessions, for the bulk of their funds for community betterment projects each year. Some 39 Nyssa Lions have been assigned community carnival work for the evening of the 22nd.

Tickets, which are "carnival money" and can be spent in the old gym on that night, are available from any Lion member. Club officials pointed out that only tickets bought in advance, not those bought at the door Nov. 22, are eligible for the door prizes.

Stolen Property Brings Sentence For Two Nyssans

Sentences of one year each in the state penitentiary handed out last Thursday to Janice and Sebastian Vaguero, husband and wife, both 26, by Circuit Judge Jeff D. Dorroh, Jr., in Vale brought a September state, city and Idaho police investigation of a series of shoplifting sprees a step nearer completion.

The Sebastions, who were arrested as a result of the September investigation, along with Francisco Saldana, 29, had been charged with receiving stolen property and they entered pleas of guilty Oct. 28. All three gave Nyssa addresses.

Saldana, who was charged with larceny in a store at that time, requested a court-appointed attorney and Nyssa Attorney Clyde Snider was appointed to represent him. Thursday before Judge Dorroh he entered a plea of innocent to the charge.

The charges against the three were the result of the three-police-agency investigation in mid-September of shoplifting in Nyssa, Ontario, Payette, Emmett, Weiser, Parma and Boise. At that time police estimated that at least \$650 in merchandise—clothing, clocks, cigarettes, etc.—had been taken throughout this area.

Some of the merchandise was recovered by police in a door-to-door search of the Nyssa labor camp, where it was reported to have been sold.

Interest Asked In Adult Classes

Superintendent of Schools Walter McPartland asked today that all persons in the Nyssa area who might be interested in night adult education classes get in touch with his office indicating their preference.

McPartland said that if enough interest is expressed in adult education classes such instruction will probably be offered in the Nyssa schools after the first of the year. He said anyone interested in shorthand, bookkeeping or Spanish classes, or classes of any other kind, should let us know by calling or dropping in to this office as soon as possible.

Various adult education classes have been offered through Nyssa's schools in past years.

Adult Girl Scout Program Mapped, Award Court Set

A meeting of adult leaders of Girl Scouts was held Monday of last week at the home of Mrs. Grant Rinehart. Mrs. Wilton Jackson, neighborhood chairman, conducted the meeting.

Mrs. Morgan Beck, of Ontario, district chairman for this area was in attendance.

After a period of getting acquainted, directed by Mrs. Max Urry, the meeting progressed with appointment of nine new troop leaders for the three new Brownie troops organized this month by Mrs. Carl Grunke, troop organizer.

New troop leaders are Mmes. Bob Skow, James Yost, Charles Smith, Dick Tensen, Walter Cannon, Harold Winchester, Olive Hastings, Wayne Stites and J. E. Obenchain.

Reports were given by four of the leaders who had attended the leader training meetings in Ontario during October which were directed by Mrs. Shupe of Boise. Mrs. Jack Anderson presented a report on "What is Scouting," and "How to teach songs." Mrs. Vesper Richards gave a report on crafts; Mrs. Carl Grunke on outdoor cooking and Mrs. Lucy Pounds, on Girl Scout policies, standards and flag ceremonies.

Mrs. Glenn Weeks and Mrs. Ted Morgan were appointed chairmen in charge of books and pamphlets concerning songs, crafts and general literature. Each month a different troop will prepare favors for patients at the hospital, it was announced. Mrs. Pound's troop prepared the favors this month.

Also included in the meeting was a report from Mrs. Vic Haburchak stating that some uniforms for girl scouts and Brownies have been turned in, but others are still needed. The next meeting will be Monday, Nov. 24 at the Little Theatre at 7:30 p.m. There will be a court of awards with all troops participating. Parents and families are cordially invited to attend.

Nyssa School Supt. To Attend Meeting

Nyssa's Superintendent of Schools Walter McPartland will be attending a meeting of the school superintendents of the state in Portland Saturday.

McPartland said the superintendents' meeting is an annual affair.

Initial 1958 Sugar Beet Payments Totaling \$4,570,000 Go in Mail Saturday to Nyssa Area Growers

A total of \$4,570,000 will be mailed to sugar beet growers in this area Saturday by Amalgamated Sugar Company's Nyssa plant as the initial payment on this year's beet crop, according to Henry Zobell, Nyssa manager.

The initial payment is based upon \$9.50 a ton for approximately 480,000 tons of sugar beets, Zobell said, the same figure per ton used for last year's first payment to growers.

Final payments of \$530,000 to growers in this area for their 1957 sugar beet crop were just sent by Amalgamated Oct. 25. These made the total payments for the 1957 crop nearly \$8,000,000 or \$13.10 per ton.

Zobell said at least 95 percent of this year's harvest has now been delivered to the Nyssa plant and outlying dumps. The Rebecca, Jamieson and Hope stations were closed the first part of this week, he said, and the Lancaster and Buckingham stations were set to close yesterday.

Record Yields Seen
It appears at this time that the average yield in this area this year will set a new record high in excess of 28 tons per acre, the manager stated. He said that some individual yields this season have run as high as 40 tons to the acre.

The Nyssa plant, with the improvements completed this past summer, also set a new production record this week when over 4,500 tons of beets were processed within a 24 hour period. More than 4,400 tons are being processed each day, Zobell said.

The biggest portion of this year's record crop is stockpiled at the Nyssa plant and it appears at this time, the manager said, that the beets are in very good condition for storage.

First of Four Payments
Saturday's checks from Amalgamated are the first of four payments annually received by growers for their harvest. Last year the company's initial payment of (Continued on Page 6)

Grange Sponsors Achievement Nite For 4-H Youths

Four-H members from clubs in the Nyssa, Adrian and Arcadia communities were honored at achievement night Friday sponsored annually by the Oregon Trail Grange. There were 151 Grangers, 4-Hers, their parents and guests in attendance at the event which opened with a 7:30 pot-luck dinner at the Oregon Trail hall.

Following a welcome extended by George Coleman, master of the grange, group singing was led by Mrs. Gerrit Stam with Mrs. William Gardiner as piano accompanist. A 20-minute film on Alaska was also shown.

Numerous awards were presented to 4-H boys and girls by E. M. Hauser and Miss Lorenz, county extension agents and Lester Tibbets, representing the First National Bank at Nyssa.

Communities represented by 4-H members and their leaders were Oregon Trail community, Mrs. Stanley Hill; Beuna Vista, Mr. and Mrs. Lester Cleaver; Lloyd Cleaver, Mrs. Eugene Cleaver; Chalk Butte, Mrs. Joe Stephen, Mrs. Fred Morton and Arcadia, Mrs. T. R. Bowers, Mrs. Orland White and Cecil Houston.

Merchants' Chairmen Say Interest High in Hula-Hoop, Turkey Events

Plans are nearly completed for Nyssa's Hula-Hoop Tournament and Turkey Derby scheduled for Friday and Saturday of next week, according to Robert Wilson, chairman of the Chamber merchants committee, which is sponsoring the two-day event.

Heading the committee arranging the Hoop Tournament is Reed Ray, who said all youngsters in the area, from 4-year-olds through 16, are eligible to participate in the event to be held at the grade school. There will be two age groups—4 through 10 and 11 through 16. The younger children will start their performances at 4 p.m. Friday and will be judged on ability and skill in whirling their hoops. Loving cups for first and second place winners will be presented after judges have declared the two winners by the process of elimination.

Immediately following the younger group will be performers 11-years-old through 16, who will compete in the same manner and be judged like the first group with a cup for the first place winner and another cup for second place winner.

Turkey Derby
Heading a committee arranging the Turkey Derby is Har-

Chadderdon, who said that it is probable more than the originally planned 25 businessmen will take part in that portion of the two-day event. Business firms are now signing up to buy turkeys, which will be on display in front of their establishments all day Friday and Saturday until 3 p.m.

Owners of the turkeys, when making their purchases of the Thanksgiving fowl, agreed to race the birds on Main street beginning at 3 p.m. Saturday. Following the races regardless of who wins, the turkeys will be given free to some person not connected with the sponsoring business firm by each individual donor. Store owners have indicated a variety of contests at each place of business where customers can guess the number of beans in a jar, draw numbers (with no obligation to make a purchase or other considerations involving a lottery) and other means of having as many contests going at once as there are participating business firms.

Wilson said that visitors to Nyssa during the two days will be doubly rewarded with special prices on merchandise throughout the town.

Scouting Awards To Be Presented At Honor Court

Two Eagle awards, two Star and numerous merit badges will be presented at a Boy Scout court of honor for troop 419 scheduled for Monday night at the Nyssa high school cafeteria.

The special program will be preceded by a chili feed beginning at 7 o'clock for Scouts of troop 419, their parents, merit badge counselors and their wives and special guests. Approximately 150 are anticipated to attend the event.

Forrest Huffman, son of Mr. and Mrs. Ray Huffman, and Bob Pond, son of Mr. and Mrs. Ken Pond, will receive their Eagle awards, the highest honor in Scouting; and Dale Laurance and Jim Kodama, Star awards. A Tenderfoot investiture will also be featured for boys entering Boy Scout work.

Among special features planned for the program will be accordion selections by Reed Ray who received his Eagle Scout award in Nyssa about 10 years ago, group singing and a brief talk by Dr. Robert Mangum of Nampa, advancement chairman for the Ore-Ida council.

John Dixon, Ontario, past council advancement chairman, will assist with the Eagle ceremony.

Adrian's Scout Campaign Slated

A kick-off, no-host breakfast for Adrian's annual Boy Scout fund raising campaign is set for 8 o'clock Saturday morning at Bicandi's in Adrian, according to Athol Sayre, that area's community chairman for this year's annual drive.

Adrian's fund raising campaign, which will be launched with the Saturday Breakfast, is organized with seven captains, each with at least five workers, Sayre explained.

Captains for this year's drive include Don Brewer, Owyhee; Carl Begeman, Kingman Kolony; Gene Pratt, Newell Heights; Ernie Suell, Wade; Carlyle Norris, Lower Bend; Glenn Ward, Adrian and Harry Jarvis, Ridgeview.

Adrian's PTSA Has Monday Meet

An Adrian Parents-Teachers-Students association meeting was held Monday evening in Adrian's high school, according to Glenn Ward, high school coach and program chairman for the affair.

Leroy Bishop and Clifford Looney gave a report on their recent trip to Kansas City where they attended the national FFA convention. The Misses Linda Bishop and Karen Clucas sang a duet. Athol Sayre, Adrian high school principal, spoke on driving laws and the possibilities of having a drivers' educational program in the Adrian school system beginning next year.

It was decided to change PTSA meeting from the first Monday to the first Tuesday of each month; the executive meeting to the last Tuesday of each month and student educational meetings to the third Tuesday.

The program was ended by group singing led by Karen Deffer and a group skit directed by James Harper. Refreshments were served by Mrs. Francis Deffer, Mrs. Verl Bishop and Miss Helen Hatch.

Police Citations

Nyssa police have their proverbial "fingers crossed" because of eight days without need to issue citations of any kind. The last ticket issued was Tuesday of last week for a minor traffic violation, although there are some October citations for various offenses that have not been fully processed. Warrants have been issued for arrest of individuals who failed to appear in municipal court and enter pleas.

Even though arrests have been nil for more than a week, duties of the police have not eased. They have been called to help settle several "personal" differences, check innumerable reports of possible law violations and traffic patrol duty, including Tuesday's Veterans' day parade.

Three Nyssa Boys 'Lost' Overnight In Rugged Lake Owyhee Country; Widespread Search Ensues Monday

Three Nyssa youths, who were feared lost or hurt after failing to return to their homes from a hunting trip Sunday night and were the object of a widespread search Monday morning, hiked 16 or 17 miles safely out of the rough country around Lake Owyhee and notified searchers of their safety Monday afternoon about 1:30.

The three—Donald Winslow, 18, son of Mr. and Mrs. Edmond Roberts; Gene DeRock, 16, son of Mr. and Mrs. Ross Brown; and Royce Roberts, 16, son of Mr. and Mrs. Fred Roberts—had left Nyssa about 2:30 Sunday afternoon to go rabbit and pheasant hunting.

Early Sunday evening their car became stuck in loose dirt and sand on a little-used back road southeast of Owyhee dam. Rather than risk becoming lost attempting to hike out of the barren region in the increasing darkness, the youths decided to spend the night in their car and walk out of the area Monday morning.

The parents of the three became concerned when they failed to return home Sunday night and began the search for them. About 7:30 Sunday morning one of their fathers was within about three miles of the stranded trio but failed to discover them.

As the search continued at least 16 carloads of searchers and two airplanes, flown by Joe Dirksen and Laverne Leavitt, both of Nyssa, combed the area on both the east and west sides of Lake Owyhee but failed to find either the boys or their car.

The boys reported spotting at least one of the searching planes but, due to the ravine in which they were stranded, they were not seen from the air. As the search progressed away (Continued on Page 6)

Director Election Slated for Rural Fire Protection

The board of directors of the Nyssa Rural Fire Protection district is holding an election for a director to fill the vacancy of Wilbur Atherton, whose term will expire Dec. 31.

The election will be held in the Nyssa city hall with polls open from 2 to 8 p.m. on Monday, Dec. 1. Judges of the election will be Gerrit Stam, Henry Sherwood and John Wolf.

Any person or group may place a candidate on the ballot for this office by presenting a petition signed by at least 15 electors of the district to the secretary of the board not less than 15 days prior to the date of election.

Present officers of the board of directors are Jacob Fischer, president; Frank Sherwood, vice president; Frank Parr, secretary-treasurer; Loyd Adams, director, and Wilbur Atherton, director.

Boy Scout Funds Start to Build

Some \$710.50 had been turned in by yesterday afternoon in Nyssa's annual Boy Scout fund-raising campaign, according to Ward Wieneke, local community chairman, who said that collections from only four of the area's eight teams were completed.

This figure includes the contributions collected by four of the city teams and some \$330 raised in the advanced gifts portion of the annual drive. Wieneke said collections of two of the city teams and the two rural teams were not yet completed.

New Nyssa School Census Shows Slight Increase Over 1956 Count

Some 1,754 children between the ages of 4 through 19 now reside in Nyssa's school district 26-C according to a school census (survey) completed Wednesday by Rinehart and Tensen of Nyssa for the local school district. This is an increase of 19 children over the last such census taken in 1956, according to Superintendent of Schools Walter McPartland.

This year's census shows that 886 of the children in the district are boys and some 868 are girls. Broken down by age groups, it reveals that the largest group in 26-C is the 11-year-olds, with this year's Sixth grade class, with 138 children. The next largest group is the 5-year-olds, next year's first grade class, with a total of 123 children.

McPartland said the census is required by the state every other year as a basis for allocation of monies to the school district. The local school system also uses the figures for local planning for upcoming needs.

The Superintendent said the census reveals that next year's first grade class will be a large one with the majority of this year's 5-year-olds being eligible

to start school next September. This year there were some 139 primary students starting school in Nyssa, however.

The large number of 11-year-olds will probably necessitate the hiring of two additional seventh grade teachers next year, McPartland said, since this year's seventh grade class is only about 80.

In 1956 this same age group, then 9-year-olds, was also the largest with 145. That year the 18-year-old group was the smallest with only 74. This year the smallest of any group was the 4-year-olds with a total of 89. However in 1956 there were a few more upcoming first graders with a total of 129 in the five-year-old group.

A complete breakdown of this year's census shows 89 children who were four years old; 123 who were five; 109 who were six; 134 who were seven; 123 who were eight; 114 who were nine; 122 who were 10; 138 who were 11; 103 who were 12; 108 who were 13; 104 who were 14; 106 who were 15; 104 who were 16; 93 who were 17; 94 who were 18; and 90 who were 19.

Malheur County's Largest Taxpayer Sends \$152,000

A check in the amount of \$152,022 is in the mail for the Malheur county tax collector in payment of 1958-59 Idaho Power Co. taxes for this county, the power firm announced this week.

The current tax payment is \$3,938 greater than it was for 1957-58 as the result of increased utility ratios and new construction by the firm in the county, it was reported.

Robert Ball, assistant to the president of the Idaho Power, said the taxes are paid on levies assessed on transmission and distribution lines, substations, offices, warehouses and construction. He reported that a check of records showed his firm was the largest individual taxpayer in Malheur county and that the entire sum is divided among the county, schools, municipalities and special districts in which the property is located.
