UNUSUAL WEATHER

Mrs. J. Z. Moore of Topeka, Kan., mailed the Journal a clipping from the Topeka State Journal saying that the temperature was 58 there on July 20. This established an all-time record low for that date. It further stated that the whole month of July could be a record unless the remaining few days were much warmer than normal.

We are told that our weather is also "unusual" and it must have also established some kind of record—but not for a low temperature.

NYSSA KIDS SAY "THANKS"

The Junior band kids of Nyssa wish to thank the Chamber of Commerce for the treats furnished them after they played in the wagon train parade last week. These kids are doing a real good job and will be taking part in the Mexican Fiesta parade Saturday.

The kids from Nyssa that go to the Parma pool daily are trying to show their appreciation by donating money to buy mirrors for their dressing rooms. Unselfish actions of this type could lead to a pool of their own in Nyssa.
