Bob Thompson Is Grandpappy Again

If you notice Bob Thompson "struttin' and puttin' on airs", it's possibly because he became grandpa, for the second time this month, when Barton Lane was born to Mr. and Mrs. Dennis Godfrey in La Grande on the 24th.

Bob drove up to La Grande Wednesday and brought Mrs. Thompson home with him Saturday.

HI:

There are many activities in a day to keep a family healthy and happy, but let's take time out of our busy summer day and give a thought to our family in another way besides to the everyday routine activities.

PICTURES... YES... Pictures are an important part of our lives, or anyway they should be. So important that without them our lives will be blank.

We think we can remember what Judy, Mike, and Grandpa looked like. But it's a proven fact that humans haven't a very good memory. It's true some of us may have snapshots, but have you ever looked at one of your grandmother and wished it was large enough and clear enough that you could really see her eyes, or the expression on her face, and how pretty she really was so you could show it to your friends? We know you have wished this about her or someone else close and dear to you.

Schoens are now attending the National Convention of Photographers in L.A. to learn the latest and best methods for picture making. They believe ONLY THE BEST in pictures is good enough for their customers... So don't delay... Call 6648 today for an appointment for A PORTRAIT BY SCHOEN.
