## How Should You Choose An Insurance Agent?

### Insurance Agent?

With caution! Over the years you will see a lot of the person from whom you buy protection and you want to be right the first time.

Look for experience and dependability in your agent. Be sure he is willing to work hard for your business, burn up some shoe leather and not dodge a night call.

You'll be happier if the man you choose is a local independent agent who handles all lines, not just a few of the more popular ones. We can fill the bill . . . Call us.
