# Firestone "NYLON 500"

WITH ALL-ACTION TREAD

Revolutionary Break-Through in Tire Manufacture Gives You Action-Traction in the Center of the Tread

- ★ puts up to 83% more working elements on the road at all times
- ★ assures safer stops and positive starts
- ★ provides an extra margin of safety at high speeds
- ★ sets new standards of protection against blowouts, punctures, skidding

★ INCREASES TIRE MILEAGE UP TO 36%

Here's how Firestone...for the FIRST TIME in tire history...puts traction in the center of the tread:

#### Revolutionary 3-piece mold

Firestone's exclusive 3-piece mold is the secret behind this total-action-traction tread design. Tires made in conventional 2-piece molds have a "dead spot" in the center of the tread. Only Firestone can offer you this important tire advancement.

#### NEW ALL-ACTION TREAD

These drawings illustrate how the action area extends the full width of the tread, with no "dead spot" in the center of the tread... where action-traction is needed most. Some manufacturers even leave the center open... offering NO traction in the center of the tread.

#### PLUS...THESE OTHER FIRESTONE FEATURES

- ★ 3/8" Safety-Fortified NYLON cord body
- ★ Monofilament NYLON bead chafer
- ★ 4-Ply Super-Safe tubeless inner liner
- ★ Race-tire "Speedway-Weld" of tread to body
- ★ Cord plies angled for maximum stability
- ★ Firestone Rubber X-101 for a "Hush-Hush" Ride

#### WE HAVE THESE REMARKABLE TIRES IN STOCK NOW...IN THE SIZE TO FIT YOUR CAR

Make it a point to come in and see these tires for yourself. Let us explain the advantages of the ALL-ACTION TREAD and what it means to you in safety and down-to-earth dollars and cents value received. Let us explain too, how easy these tires are to own. We'll buy every penny's worth of unused mileage in your present tires when you trade them for new 500's. We're sure you'll be pleasantly surprised at how little it costs to equip your car with Firestone 500 nylon tires with ALL-ACTION TREAD.
