ANOTHER HOMEOWNER REPORT ON ELECTRIC HEAT

"Our annual heating cost has been less than \$90..."

"We are very happy with our Solar electric heat. It is so convenient and clean. We just set the thermostats (one in each room) in the fall and forget it until next spring when we turn them down for the summer."

"There are no worries about the safety of electric heating, and the cost is certainly moderate. Our annual heating cost has been less than \$90 and that's less than ten cents per square foot of floor space."

Mr. & Mrs. Walter E. Ford
Nyssa, Oregon.
