Fischer for County COMMISSIONER

(Pd. Pol. Adv. by Fischer for Commissioner Committee; Fred Bracken, Chairman, 517 King Avenue, Nyssa, Oregon)

Harold Newman SAYS: IT'S TIME FOR STRAIGHT TALK!

It's time to talk frankly about the Malheur County Judge race.

This is no time to be hiding behind a fog of fancy but meaningless words.

First Let Me Tell You About My Qualifications

- I have a college degree plus one year of graduate work.
- I am a trained administrator and have proven my ability during my 12 years as head of the Adrian School.
- My administrative ability was recognized by the United States Army where I served five years and reached the rank of captain.

There Has Been a Lot of Talk on Economy and Taxes

- Let me say first, that you cannot get something for nothing. I intend to hold the line on taxes.
- Remember that the tax you pay to operate the county is only 13.7 mills.
- There is such a thing as practicing good economy by spending money. That's why a farmer buys a potato digger. That's why it is good economy to build a good road when you are building a road.
- Spending money is a choice made by the people. It is the County Court's job to spend that money wisely. If the people want improvements, they must vote the tax.

The Juvenile Judge's Duties Are Vital

- He must be educated, experienced, sympathetic, fair, and understanding.
- I am qualified by education and experience. I have worked with children for 16 years. I have successfully solved most of the problems before they have reached the Juvenile Court.

I want to assure you that the ideas I express are my ideas. I do not believe in tricks and soft talk just to win a vote.

I want your vote, of course, but I want to ask for it honestly.

Finally I want to say without pride or prejudice I believe that I am the best qualified person to serve you as Malheur County Judge.

(Pd. Pol. Adv. by Citizens for Newman Committee; Jake Borge, Chairman)
