

State Commission Lifts Eddie's Club Liquor License

The liquor license of Eddie's club, 508 Main street, Nyssa, was lifted Monday by a member of the Oregon Liquor Control commission.

The club was charged with violation of the state liquor law regulation requiring that a minimum of 25 percent of the gross receipts be from the sale of food.

A first hearing was held in Salem Sept. 26 at which time the owners, Orville Maze and Wayne Markle, were present but reserved questions on the legality of the act, along with several other tavern operators who were charged with the same violation.

The liquor control commission voted, at a second meeting Oct. 12, not attended by the owners, to revoke the license.

A suit asking for a restraining order was filed in the Malheur county clerk's office Monday after the license was lifted.

At press time the Journal was unable to learn when the injunction would be ruled upon by the court.

Friday Services Set At Nyssa Chapel For Dolly McCreary

Final services for Dolly F. McCreary, 76, will be held Friday at 2 o'clock at Lienkaemper chapel. The Rev. Henry E. Moore of Adrian Presbyterian church will officiate.

Mrs. McCreary was born July 15, 1884, in Oregon and succumbed Oct. 31, 1966, at Presbyterian nursing home in Ontario. She had lived in the Nyssa area for the past 30 years and in more recent years had operated the swimming pool at Snively hot springs.

Survivors include two sisters, Mrs. Birdie Cooley of Redmond, Ore., and Mrs. Cora Kuhl of Milwaukie, Ore., two grandsons, Donald Elliott of Huntington, Ore. and Kenneth Elliott of Prosser, Wash.

Interment will follow at Roswell cemetery.

Nyssa High School Calendar of Events

Malheur County ASC Committee Election Slated

Chairman J. P. Bunch of Malheur ASC county committee announced this week that nominations for the forthcoming ASC community committee election for 1961 have been completed.

Each year community election boards, appointed by the county election board, select 10 eligible nominees for the seven ASC communities.

Election will be held by mail again this year, Chairman Bunch said. Ballots will be mailed to each eligible voter by the ASC county office and Nov. 17 has been designated as the last date ballots can be returned or post-marked. Each voter shall vote for five of the nominees on his respective community ballot.

Community chairmen of the election boards are:

Jordan Valley, Ralph Tuckness, Arook; Payette - Oregon Slope, Gilbert E. Sproul, route 2, Ontario; Adrian, William Toomb, route 1, Nyssa; Ontario, Paul Halverson, route 1, Ontario; Harper, Jasper Perry, Harper; Nyssa, Raymond F. Russell, route 2, Nyssa; Vale, John C. Kennedy, route 2, Vale.

Slate of nominees for the forthcoming election of Nyssa-Adrian community committees are:

Adrian: Cornelius Barton, Carl Bege-man, Cyrus Bishop, Keith Lane, Charles B. Leedy, James H. Miller, Keith Orris, James E. Phifer, Kenneth Price, William C. Van DeWater.

Nyssa: Lester Cleaver, Dean Fife, J. Elwood Flinders, Darwin Jensen, Allen Jones, Grant A. Jones, Ward C. Lundy, Chester Mills, Guy Sparks, Harold O. Wright.

Candidates Speak At Chamber Meet

(Continued from Page 1)

cial was criticized for using a county vehicle to go deer hunting, which Newman said was common knowledge.

Another thing Newman said he was disturbed about was the incompetency of some of the candidates. He stated that Jake Fischer's opponent was weak and "denied any negatives votes he had cast in county court sessions. I am concerned over any possibility of his being returned to office."

Guests were Bob Ingram, Democratic candidate for sheriff, and Bob Johnson, representing the consulting engineering firm on the Nyssa sewer project.

Political Polls Show Kennedy Leading Presidential Contest

(Continued from Page 1)

"President Eisenhower ended one war, prevented other wars from starting, and we do have peace without surrender today.

"I hope the day will never come when any president of the U. S. will need to apologize or express regret for defending the security of the United States.

"It would be presumptuous of me to speak of my own experience but I can speak of the experience of my running mate, Henry Cabot Lodge.

"That's not Jack's money they want to spend—it's your money.

"Khrushchev won't catch us in seven years or 70, provided we remain true to the principles that have made America great.

"What makes this country great is not what the government does, but what 180 million free individual American citizens do."

Kennedy Gains in Two Weeks

Most of the nation-wide polls show Kennedy has gained enough ground in the last two weeks that he is now in the lead. The Princeton (N.J.) Research Service showed Kennedy 50.1 percent and Nixon 49.5 on Oct. 13; on Oct. 21 John N. Kraft, Inc., of New York, N.Y., showed Kennedy 40, Nixon 41 and 19 undecided; and on Oct. 26 the Gallup poll gave Kennedy 49, Nixon 45 with 6 percent undecided.

Newsweek, Nov. 7 issue, gave a report of 50 experts, consisting of reporters on daily papers throughout the U. S. that predicted Kennedy the winner with 32.4 electoral votes over Nixon's 210.5.

However, a poll of weekly and daily newspapers, dated Oct. 24, conducted by Publisher's Auxiliary and covering every state, showed Nixon leading in 36 states with 416 electoral votes and Kennedy 121.

Religious Issue 'Unknown'

The polls may show what a voter wants to see, as many who have Kennedy far in front say the religious issue is an "unknown" and could affect the outcome greatly by changing a few pivotal states.

The Journal made its own guess on Sept. 19, giving 269 to Kennedy but has since revised that figure (Nov. 1) to give him 323 and Nixon 214.

Reporting could easily be prejudiced and as unreliable as when Truman won, as newspapers are traditionally Republican about three to one while the reporters working on these same papers are about the same proportion Democratic.

Most of the experts do agree that there are 13 pivotal states upon which the outcome hinges and sufficient reports will be in by midnight Tuesday to know the outcome.

The states are California, Connecticut, Florida, Illinois, Michigan, Minnesota, New Jersey, New York, Ohio, Pennsylvania, Tennessee, Texas and Virginia. All of these should be in by midnight Tuesday with the exception of Minnesota and California which will be several hours later.

A county poll of high school students in Malheur county indicates that the local election will go for the Republicans with the exception of the office of sheriff, county clerk and congressman.

State Growth Faster Than Incorporations

According to a recent release by Oregon State Census board, 1,756,366 persons reside in Oregon and 963,071 of these are within incorporated towns and cities.

There was an increase of 235,025 for the past 10 years, or a 15.4 percent increase for the state but incorporations were growing only at a 12.2 increase.

This cannot be interpreted to mean that rural sections are growing faster than towns and cities but does mean that a large part of the increase is in outlying sections adjoining them.

There are 220 incorporations within the state, with 10 of them having incorporated within the past 10 years. Of the 210 having a record in 1950, 74 have shown a decrease in population. Of these, 53 towns are now shown as being under 1000 people.

Population of Malheur county is down from 1950 but Ontario and Nyssa show some growth while Vale and Jordan Valley show a decrease. Jordan Valley with 203 shows a decrease of 14 percent, Vale with 1488 shows a minus 2 percent, Ontario with 5,027 had a 12.6 increase and Nyssa's 2,594 is a 2.7 percent increase.

Western Oregon contains 85.8 percent of the total incorporated population of the state. Over half of these reside within the Portland, Oregon - Washington standard metropolitan area. Of the remaining 14.2 percent in eastern Oregon, approximately one-third are located in Klamath Falls, Pendleton and Bend.

GLENN STREET BRIDGE

I have been asked to again explain my stand on the Glenn Street bridge. As most of you know, this matter had been settled in March of this year by the county court in agreement with state and federal authorities, deciding to build the bridge. The matter came up again when flood control work widened the channel, thus necessitating a longer bridge.

First, as a newly appointed county official I had to consider the dollar and cents angle. Lytle boulevard represents an investment of more than one-third million dollars. The road is not being adequately used and never can be if the present outlet at Vale is maintained.

I believe the Succor creek cut-off will and should be built and that the completion of the bridge will hasten the day by diverting heavy traffic from highway 26 in that direction. We believe the state will then take over the road, releasing more than \$70,000 to the county as credits on future matched construction.

The present estimate of \$102,000 covers the bridge and approaches, three-tenths of a mile—in all, two and one-half blocks being in Vale. The county pays 10 percent; Vale, 10 percent; state, 20 percent; and federal, 60 percent.

The present road around the Butte is 4 mile and had we decided to improve it, we would have had to spend more county money by far as the county does not have title to the present road nor land adjacent, some of which would be needed at the end of the old bridge. The county would get no state aid on a road of this sort.

Second, and most important is the matter of safety. Millions are being spent on our overpasses and interchanges because they save lives.

There is no way to make the present Lytle boulevard approach to the end of the old bridge safe. In fall and winter the hot springs cause foggy and icy conditions that have caused at least seven deaths, one being Mr. Fletcher of Nyssa in that immediate area.

In addition to other traffic, this road carries a school bus serving about 20 families in the Sand Hollow area. I shall always be ready to spend money to safeguard our children.

In conclusion, before I cast my vote I contacted the chairman of the planning commission to see if they wanted to consider the matter. The chairman telephoned five members who were unanimous on two points. First, that it was too late to make a proper survey. Second, that the best solution was to complete the project and go on to other work.

I knew when I made my decision it would be unpopular in some areas, but I believe it was right. I hope you agree with me. My telephone is TU 9-6909 and as long as I am your County Commissioner, I will welcome any and every opportunity to serve you and discuss your problems with each of you.
