THE CLASSIC FORD LOOK

Beautifully built to set trends in styling and savings
beautifully built to take care of itself

Moreover, this car is as beautifully built as it is beautifully shaped. As Ford takes care of itself, it takes care of your budget.

See the roster at right, and you'll conclude: This is the Ford in your future. May we open its door to you . . . soon?

HERE'S HOW THE '61 FORD TAKES CARE OF ITSELF

Lubricates itself—You go 30,000 miles between chassis lubrications (which cost only about \$4.00 and take about 20 minutes).

Changes its own oil—You go 4,000 miles between oil changes with Ford's Full-Flow oil filter (which filters the oil through specially packed paper).

Adjusts its own brakes—New Tach-Site brake adjuster adjusts itself—automatically.

Shields its own muffler—Ford mufflers are double-walled and insulated to keep them quiet and ordinary mufflers.

Protects its own body—All vital underbody parts are specially processed to resist rust and corrosion, even to galvanizing the body panels beneath the doors.

Takes care of its own finish—Just wash and clean Ford's new Diamond Lustre Finish and it will continue to gleam like new. It never needs waxing.

Extended Warranty—Each part of '61 Ford, except tires, is dealer-warranted against defects in materials or workmanship for 12 months or 12,000 miles, whichever comes first. Owners remain responsible for normal maintenance service and routine replacement of maintenance items such as filters and ignition parts.

Every '61 Ford, like the Galaxie Club Victoria above, shares an honor to be proud of. It is the medal presented by the international fashion authority, Centro per l'Alta Moda Italiana, to the 1961 Ford for functional expression of classic beauty.
