And It Continues!

A little boy wanted \$100, so he decided to pray for it. He prayed for two weeks. Still no \$100, so he decided to write the Lord. Postal authorities, noting the address, forwarded the letter to the President of the United States. The President, amused, sent the boy a check for \$5, believing that would seem like a lot of money to a boy. The delighted youngster wrote the Lord a letter of thanks, but closed by saying: "I noticed you routed your letter through Washington. As usual those stinkers deducted 95 percent."
