Receives Instruction

CARLOS ALVARADO, a paraplegic in his wheelchair, with his migrant school teacher, Mrs. Muriel McCutchen, and his swimming instructor, Jim Holton, posed for a Journal photographer last week at the Ontario pool. Carlos is receiving individual instruction during the swim sessions in an effort to give him as much exercise as possible. He comes to Nyssa every spring with his parents and lives in the Nyssa labor camp. Carlos and his sister, Rosa Linda, attend Nyssa schools for approximately a month after their arrival here and again for about six weeks in the fall before leaving for their home in Arizona. Carlos is especially happy as he had just had his braces repaired and was fitted with new shoes. Funds were provided by the local polio foundation.

TRITHION®

controls pea aphid,
two-spotted mite,
other pests

Trithion means more profit for growers of legume seed crops in southern Idaho and southeastern Oregon! Trithion is so persistent and so broad-range in its action that one application cleans up many major pests for weeks. It is one of the very few materials that controls both aphid and mite pests. Once applied, Trithion is relatively harmless to bees; they can return to work in fields treated with Trithion with little chance of injury. See your Stauffer dealer for local recommendations.
