Announcement of Name Change

The Adrian Feed Company - Marsing Wheat Company is changing its name. This comes after more than twenty years use of "Adrian Feed." We are now Northland Seeds, Incorporated.

One reason for the change is to have the same name at both the Adrian, Oregon, and Marsing, Idaho, locations. Another is, with our new seed processing plant at Marsing reaching completion, we will now be processing alfalfa and clover at both locations, making the word "seed" more appropriate.

Personnel, ownership and all other phases of the business will remain the same.
