From This Corner . . .

By T.M.B.

If anyone "hops" us about the reappearance of this column, we'll blame the weather. We dislike the wind and rain now as much as the beet farmers at harvest time.

Have also been disappointed in the pheasant hunting. If the game department thought there were as many of these wily birds this year as in 1960 they must have made their count in the sage brush.

And speaking of hunters—Bill Kohl is doing better each year that he goes after deer. He didn't forget his rifle this year . . . just his shells. And he didn't report any Flying Saucers this time.

Bernard Eastman just proved that Western Oregon powers are unaware that Nyssa is a part of Oregon. He discovered some county maps made in 1959 approved by one of the state agencies that didn't list our city but did list several of the unincorporated villages, together with Ontario and Vale.

Another of the series of these maps showed Nyssa but shaded it very lightly like the Idaho towns across the river—not in black like the other county towns. Perhaps they think we are in Idaho.

that was not uncomplimentary to us. It was about the Larson family, beet harvest and Amalgamated's Nyssa factory.

And while we're griping . . . we can't understand anyone being unhappy because a number of children called on them trying to sell subs or renewals to the Journal. They are willing to work for what they want instead of sitting on their bottoms waiting for the parents to buy it for them. We believe we have too many children that do not learn to work, do not know the value of a dollar or have a chance to meet all types of people that make up this old world. They will be customers and run our government before many years.

Sam Levenson said a test given the eighth graders to find what they were best suited for proved that they were best suited for the seventh grade or lower.

Organ Dedication Services to Be Held At Methodist Church

Service of dedication of the Helen Maulding memorial organ will be held Sunday, Nov. 12, at 4 o'clock in the afternoon at Nyssa Methodist church.

Arrangements have been made with Ilo Schmid of New Plymouth to play an organ concert in connection with the dedication service.

The musical instrument comes to the Methodist church as the culmination of several years of interest and is the result of many memorial gifts.

An organ fund was started by the Ma-Pa organization in 1957. Many gifts were received in 1959, in memory of Edith Richey Willson.

Then in September of this year, the Maulding family asked that memorial gifts be made for a church organ, and Dale Lewis, brother of the late Helen Maulding, graciously offered to pay the balance on the organ to be selected by a church committee.

The organ chosen is a Baldwin model 46-C and was installed Oct. 20 in the sanctuary.

The public is invited to attend the Nov. 12 dedication concert.

METHODIST CHURCH NEWS

Falcon Tudor Sedan—first choice for top economy!

This year again almost everybody is trying to build a compact car as fine as a Falcon. But what's the verdict? Falcon is still the Number One choice.

Falcon's No. 1 in savings—with prices hundreds of dollars under some other compacts, record-breaking gas mileage, 6,000 miles between oil changes. Falcon's No. 1 in luxury—with an exciting new Falcon Futura, compact cousin of the Thunderbird. And it's No. 1 in styling, quality and everything else you want in a compact. Come in and see for yourself what has made Falcon—more than ever—America's No. 1 compact!
