Use Simplot
TRIPLE
on Alfalfa
and be Up To
Your Ears In
Green Stuff

Alfalfa fixes nitrogen from the air, but it does need plenty of Phosphorus in the soil. One of the best ways to get lush, profitable yields of alfalfa is by using Simplot Triple Superphosphate, 0-45-0.

Broadcast Triple early on existing stands or disc in for pre-plant applications. You can also apply between cuttings, but each day you delay wastes money.

Simplot Fertilizers
MAKE Growing PROFITABLE

Plan to grow a more profitable hay crop this year by applying Simplot Triple Superphosphate. See your dealer soon.
