"Electric heat makes home building easier"

Mr. and Mrs. Walden W. Ingram, Filer, Idaho

"We built our own home. By choosing electric heat, we didn't have to provide furnace space or put in any duct work or chimney. Electric heat makes building easier, and last winter showed us it provides a lot of comfort and convenience."

Farmers Feed & Seed

service bulletin

Hogs go to market FASTER... ON LESS FEED!

• Today hogs go to market two weeks sooner — at 32 lbs. heavier weight — and on 40 lbs. less feed than they did just 10 short years ago.

• Time may not mean much to a hog, but it does to the hogman! It's easy to figure what 32 lbs. of pork and 40 lbs. of feed saved is worth. These savings are a result of continuous research with thousands and thousands of hogs. Every Purina hog feed is re-

search-proved and field-demonstrated for top results.

• Drop by our Store with the Checkerboard Sign next time you're in town and ask more about Purina's Hog Program. We will be glad to show you how local hogmen are proving to themselves... with their own hogs... on their own farms, that it pays to feed Purina right!
