

Our Bartender Says:

If you cannot absolutely refrain from drinking, start a saloon in your own home. Be the only customer and you will not have to buy a license. Give your wife 12 dollars to buy a gallon of whiskey. There are 126 snorts in a gallon. Buy all your drinks from your wife at 40 cents a snort and in four days when the gallon is gone, your wife will have \$39.20 to put in the bank and she will have 12 dollars to start business again.

Now, if you live 10 years and continue to buy all your booze from your wife and then die with the snakes in your boots, your widow will have \$35,075.40, on deposit . . . enough to bury you respectfully, bring up the children, buy a house and lot, marry a decent man, buy a car —

AND FORGET THAT SHE EVER KNEW YOU!

OK — Come on In . . . Nobody follows advice anyway.

Mr. State President

'Tis said there are two sides to everything . . . Reproduced below is the Journal Miehle press bed's view of a paragraph of type. (The bottom, that is.)

Pastor John Milbrath to Leah Henigson as she walked out the church door: "My what beautiful hair you have. You must have gotten that from your mother."

Leah: "No, I must have got it from Daddy, 'cause he doesn't have any now."

Worry is like a rocking chair. It gives you something to do but doesn't get you anywhere.
