MISS OLSEN IS MEMBER OF UNIVERSITY CHORUS

Miss Mary Kay Olsen of Nyssa is a member of the Oregon State university chorus this year.

The 120-voice chorus performs at various special campus events throughout the year. It has won wide recognition in recent years.

Miss Olsen is a freshman majoring in the school of education. She is a daughter of Dr. and Mrs. John W. Olsen of 805 King avenue.

PTA Plans Program To Boost Attendance

Cookie cans will soon be seen in some classrooms at Nyssa grade school. Beginning in November, the PTA is planning a booster for the room count program, officers announced this week.

It works this way: Each of the primary grades will have a cookie can. The room that has the highest percentage of parents (fathers count double) at the PTA meeting will receive enough cookies for one afternoon milk time from the room that has the lowest percentage of parents at the regular meeting. Mothers of the losing room will fill the can for the winning room.

The curriculum study this year should interest all parents, Mrs. Bill Barton, PTA president, said as she urged parents to rotate the cookie can by having a different room in each grade as top winner each month.

This program is in addition to the regular room count prizes that will total \$100 in books and pictures for the school this year.

VOTE 6x YES UNIFORM DAYLIGHT TIME

MALHEUR COUNTY TIME WILL NOT CHANGE

Ballot measure No. 6 will not affect Malheur County voters directly. It will not change the time in Malheur County in any way. But it is of vital importance to voters in this area because it is vitally important to the entire state's economy. Your YES vote will help keep Oregon jobs and payrolls.

VOTE 6x YES UNIFORM DAYLIGHT TIME

END OREGON'S COSTLY TIME MIXUP

Oregon is the only Pacific Coast state (including British Columbia) which does not totally observe daylight time. Even within Oregon there is time confusion. The result is a serious economic loss. The only way to end this costly confusion and save the jobs, payrolls and income that are lost every year as a result of it is to vote 6 YES on November 6th for Uniform Daylight Time.

VOTE 6x YES UNIFORM DAYLIGHT TIME

HELP RESTORE LUMBER AND DEFENSE JOBS

Lumber is Oregon's number one industry. Yet Oregon's mixed-up time standards are badly hurting this industry by cutting down on the available sales time in the important Eastern and Midwestern markets. Mixed-up time makes all business with Eastern Trade centers difficult, discourages the assignment of defense contracts to Oregon industries.

VOTE 6x YES UNIFORM DAYLIGHT TIME

END TIME CONFUSION
