NUMBER 45

Typical Weekend Scene at Sabin Clinic

TAKEN SUNDAY AFTERNOON, this photo shows members of the Dwight Wyckoff family as they were administered doses of the Sabin Oral Polio Vaccine in the multi-purpose room of Nyssa primary school building. The picture was snapped as Chris was in the act of taking his dose, dropped on a sugar cube. Marcia watches him, as if trying to determine his reaction. Gerald, Mom (June Marie) and Dad (Dwight) wait in line as the attendants prepare their doses. This was a typical

scene as all members of many families appeared Saturday and Sunday at the clinic. In the right background may be seen area residents of all ages as they entered the door and are waiting to register. Near the rear of the room on the left-hand side of the photo are others filling out the proper forms. Wearing white uniforms and seated at the administering table are Joan Handley, Marilyn Mills, Walt Luhr and Jan Church.

Nyssa Officials To Attend League Of Oregon Cities

Mayor Grant Rinehart and City Manager Art Colby plan to attend the annual convention of the League of Oregon Cities in Portland Nov. 14-16. Colby said there was a possibility of some council members going but he was not certain at press time.

City responsibilities under home rule will be emphasized at this year's league convention session. Much of the program will be devoted to the problems of small cities. An advisory panel of experienced city officials will conduct a half-day clinic to provide information that may be requested by delegates from small cities.

This year's convention will also feature an "Idea Exchange" to help those attending obtain information on facilities and services of special interest that may have been developed by other cities.

Mayor Rinehart is a member of the league executive committee and will preside at a section meeting on parks and recreation on Thursday afternoon.

The city employment of welfare workers during winter months is among developments in Nyssa listed on the "Idea Exchange."

There will be section meetings at the convention for mayors and councilmen, for municipal judges, city managers, city attorneys, building inspectors, park and recreation officials, planners, city finance officers, police chiefs, fire chiefs, city engineers and other public works officials.

Malheur Office Releases Totals On Chest X-Rays

A report released by Oregon State Board of Health shows that a total of 3,229 Malheur county residents had chest x-rays in the mobile unit which visited the county in July. There were 756 Nyssans who went through the unit during the two days it was in the city and 117 Nyssa labor camp residents who took advantage of the chest x-ray service.

Other totals were Vale, 469; Jordan Valley, 53; Ontario labor camp, 110; and the two visits to Ontario totaled 957.

In August the mobile x-ray unit returned for retakes and a total of 111 large films were made.

One active case of tuberculosis was found as a result of this screening procedure.

"This mass screening of the public is still one of our best tools for finding tuberculosis," said Mrs. Don Kudrna, executive secretary of the Malheur County Tuberculosis and Health association. "If everyone would realize how important a yearly checkup for TB is, no one would skip the opportunity of having an x-ray when the unit is in the county."

LEAVE FOR BEAVERTON

Mr. and Mrs. W. A. Barton will leave tonight to attend the Oregon Industrial Arts association convention to be held Friday and Saturday at Sunset high school in Beaverton. The Bartons plan to visit Sunday with former Nyssans, Dr. and Mrs. Grant B. Hughes and family in Salem.

NHS Seniors, Faculty Slate Meeting With Area Vocational Representatives

To help seniors with future plans is the object of career night in the Little Theatre Nov. 16 at 8 o'clock for all seniors and their parents.

Dr. Eugene Voris will speak on the two-year terminal vocational program offered by Treasure Valley College.

A representative from a four-year college will talk on the value of liberal arts education. Mrs. Lois Peterson of the Oregon Employment Service will tell about vocational opportunities for women.

Representatives from the various branches of the armed forces will explain opportunities for men and women and the draft status.

The meeting will be social as well as informative with group singing led by Georgia Peterson.

Patterson Announces Schedule at Adrian For Survival Classes

A Civil Defense course, "Individual and Family Survival in Case of Nuclear War," will be conducted by Bob Patterson, Adrian grade school principal.

The first class will convene from 7 to 10 o'clock Monday evening, Nov. 19, in the Adrian grade school recreation room.

The four three-hour sessions will be held on consecutive Monday evenings ending Dec. 10, at which time the 12-hour course will be completed.

Patterson invites all interested adults to attend the classes and has stated that they may enroll upon reporting for the first session.

Electronic Brain at Work

NYSSA BRANCH CUSTOMERS of the First National Bank of Oregon will now receive statements processed on a "Post-Tronic" bookkeeping machine. Shown operating the new piece of equipment, recently installed, is Mrs. David (Sharon) Krause with Mrs. Chet (Vivian) Bowns observing the operation. These ladies are both operators of the machine. According to Leonard Hewett, bank branch manager, the face of the new statements appears about the same as the old, but there the resemblance ends. On the reverse side of the new form are five magnetic strips where balance, number of checks posted and next posting line information is stored. The bookkeeper merely places the statement sheet in position, presses a button and the machine picks up the correct information and positions the sheet for posting.

Unofficial Election Returns Reveal Little Change Nationally; Oregon, Idaho Incumbents Largely Re-Elected

Republicans Fail to Make Predicted Gains In Governorships; Upsets in the Minority

Nationally, unofficial election returns Wednesday indicated very little change in the number of Democrats and Republicans that will hold office after the first of the year. Predicted gains for the Republicans failed to materialize although it was an off year—considered so since there was no race for president.

Reasons advanced by some pollsters were: (1) Kennedy won by a small margin and failed to take the usual number of candidates into office with him, so had none to lose by reason of not being in the race this year, (2) his decision to finally take action over the Cuban matter took away the most powerful campaign tool used by the Republicans.

Minor Changes in Two States

The major offices in Oregon and neighboring state of Idaho were won by incumbents, regardless of party.

In Oregon, Democrat Senator Wayne Morse was leading by 150,000 votes over Republican candidate Sig Unander. Governor Mark Hatfield was 86,000 votes ahead of his Democrat opponent, Robert Y. Thornton, and Congressman Al Ullman was 22,000 votes in front of Robert W. Chandler, Republican challenger.

Republican Norblad and Democrat Greene were winning their races for re-election to Congress with the remaining district still in doubt.

In Idaho, where complete figures were not available, reports indicated Governor Robert Smylie was winner over his Democratic advocate of gambling, Vernon K. Smith. Democrat Frank Church was re-elected as U.S. senator over Jack Hawley. Democrat Congressman Ralph Harding was winning over Orval Hansen and Republican appointee Len Jordan as U.S. senator was declared victor over Gracie Pfost.

County Races Bring Surprise

Party politics were largely disregarded in voting for county and district offices. Voter registration in Malheur county shows Republicans outnumbering Democrats 4774 to 4482 and yet John M. Hutchens, Democrat candidate for district attorney won over Republican incumbent E. Otis Smith by 1180 votes.

In Harney county Republicans have a 500 majority over the Democrats but gave Representative Robert F. Smith a 5 to 1 majority over Emil A. Stunz, his Democratic opponent.

With the Republicans having 392 more registrations than the Democrats in Malheur County, Stunz carried his home county by 246 votes. Unofficial returns, with a few small precincts out in each county, gave Smith approximately 1000 majority over Stunz.

Present County Commissioner Earl Flock won over Grant Rinehart, Democrat, by only 163 votes. Rinehart ran a surprisingly strong

Nyssa Chamber To Name Board At Dec. 5 Session

At the Wednesday noon meeting of Nyssa Chamber of Commerce, the nominating committee presented a slate of names from which directors for the coming year will be selected. Emil Stunz reported briefly on the Tuesday general election and Nyssa Christmas lighting was discussed.

The slate turned in by the nominating group, comprised of Fred Bracken, Paul Penrod and W. L. McPartland, contained the names of Floyd Rhoades, Victor Haburcak, Charles J. Smith, Reed Ray, David W. Sarazin and Dellin Erickson.

Nominations from the floor will also be accepted through the first regular Wednesday noon meeting in December when election will be held. The elected group will then select a president and vice president from among themselves. A secretary can be named from among chamber members.

Ken Renstrom, chamber president, reported that upon contacting members of the Merchants' committee, they expressed the desire that Nyssa's Christmas lights be on before Thanksgiving.

No Winners Present At Tuesday Drawing

Names drawn this week at Nyssa Bank Days event were Ray Laan, route 1, Nyssa, \$50 jackpot prize; LaMar Orr, route 2, Nyssa, \$10 second award; and Clifford Kersey, route 2, Parma, third prize of \$5. No winners were on hand to claim their awards.

Jackpot prize will advance to \$75 next Tuesday afternoon.

NYSSA LIONS CLUB SLATES ANNUAL CARNIVAL NOV. 17

The annual Lions club carnival will be held this year on Saturday evening, Nov. 17, at the grade school gymnasium with activities beginning at 8 o'clock.

Dick G. Tensen, overall chairman for the event, announces that tickets are now available from members of the organization. Ticket committee members are Art Colby, W. L. McPartland, Stan Newman and Ward Wieneke.

Nyssa-Adrian UNICEF Drive Nets \$218 As Youths Make Door-to-Door Canvass

As the final results were tabulated from the Nyssa-Adrian Haloween UNICEF drive, a number of facts presented themselves and have been given to the Journal for publication by the Rev. Wallace Prowell of Nyssa First Christian church.

Total amount collected was \$218.63; 70 young area residents participated in the door-to-door campaign and 31 adults helped to plan and carry out the program.

In looking back at last year's Journal file, it is interesting to note that approximately \$180 was netted from the drive, with about 100 youths taking part.

The Christian church was head of the drive this year with Mrs. Ray Strickland and the Rev. Prowell as co-chairmen.

Other Workers Named

Other adults who assisted from the Christian church were Mr. and Mrs. Richard Gustavson, Mr. and Mrs. Don Perdue and Mmes. Bill Hamilton, Paul House and Elvin Ballou.

From St. Paul's Episcopal church was Mrs. Lloyd Wilson. Representing the Faith Lutheran church were Pastor and Mrs. John Milbrath, Mr. and Mrs. E. D. Michaelson and the Mmes. Bill Labounty, James Nichols and Tracy Mefford.

Assisting from the Methodist church were the Rev. and Mrs. Paul Ludlow, John Berg and the Mmes. Raymond Sager, Joe Cundall, Roy Knoedler and Merilean Robbins. Mrs. John Sheppard represented the Nazarene church.

Most Business Firms To Be Open Monday After Veterans' Day

Veterans' Day, Nov. 11, was originally Armistice Day and was set on this date as anniversary of the cessation of hostilities between the Allies and Germany following World War I.

It was redesignated as Veterans' Day to honor veterans of all wars. It is a legal holiday in 23 states and is observed in others by governors' proclamations.

No parades or special ceremonies are planned for Nyssa. Since it falls on Sunday this year, the post office, First National Bank, city, county and state offices will be closed on Monday, Nov. 12. Most other local business houses will be open as usual.

Oral Vaccine Administered to 2944 At Saturday-Sunday Clinic in Nyssa

A total of 2944 area residents took polio vaccine at the free clinic in Nyssa Saturday and Sunday, according to Dr. David W. Sarazin, chairman.

This was about 60 percent of the number prepared for and was disappointing since the medical authorities had hoped for at least 80 percent of the population taking the doses.

Mrs. Jones Heads Annual Seal Sale Starting Nov. 13

The traditional annual Christmas Seal campaign will open Nov. 13 with the mailing of Christmas Seals to Malheur county residents.

Mrs. Desmond Jones will be the volunteer campaign chairman in Nyssa. She will be calling on other volunteers to prepare a window display and put up posters to advertise the Christmas Seal campaign.

Of this year's campaign, Bob Bertelson, Malheur chairman, had this to say: "Proceeds from Christmas Seals must do more than maintain our present activities against TB and other respiratory diseases. We must expand our effort to find all the unknown cases of TB in this community, and increase our efforts to extend our educational program so that people of all ages learn how to protect themselves from TB."

"We must also put more money into medical research to find better ways of fighting TB and other respiratory diseases."

Education Week Special Events Slated at Adrian

Adrian public schools will observe National Education Week from Nov. 12-16. Parents and interested patrons are invited to visit the school any day during the week and are urged to attend the PTA meeting and open house event Thursday evening, Nov. 15, in the grade school building.

During the entire week, the PTA is sponsoring a "Book Fair" at the elementary school building.

At the open house reception on Thursday evening, special features will include demonstrations by second graders in reading and phonics study with the new SRA laboratories. There will also be a demonstration by fourth grade pupils on the use of the controlled reading machine.

The Nyssa figures compared favorably with some of the larger towns and was about average for the area composed of Malheur county and Southwestern Idaho. A total of 60,000 doses were administered when 100,000 were prepared for in setting up the clinics.

Still Available in Nyssa

Dr. Sarazin said 42 persons had been given dosage by Walt Luhr at the Nyssa Pharmacy since the clinic.

And, since the medicine will not be returned until Friday, if there are 50 more people who wish to take it, a vial will be held over and the doses given by Luhr at the drug store Friday and Saturday of this week. Cost will still be 35 cents per person.

Lists Reason for Low Response

Reasons listed for the turn-out not being higher were: (1) adverse publicity on the vaccine in September, (2) dates were forgotten, (3) belief that where Salk vaccine had been taken these were not necessary, (4) people out of town.

Dr. Sarazin said he would like to stress again that the different types of vaccine are for different types of polio virus. The fact that some did not take type 1 would not hinder them from taking type 2 to be given Dec. 8-9.

All types will be offered by doctors throughout the area following the clinics but the medicine will not be wholesale and the services of doctors and nurses will not be donated.

CUBAN ISSUE DISCUSSED BY NYSSA TOASTMASTERS

One five-minute talk, "Hands Up," was given by W. A. Barton during last Thursday's meeting of Nyssa Toastmasters. He demonstrated the uses of hand signals used in industry and on various occasions.

"Our Opinions on the Cuban Embargo," assigned by Topicmaster Art Colby, was discussed.

Bob Sherbert served as toastmaster, while W. L. McPartland acted as critic.

Nyssa Education Association Urges School Visitations

Following a Proclamation of Education Week by Mayor Grant Rinehart, Nyssa Education association has taken several steps to encourage residents of the Nyssa area to observe this week by visiting their schools.

The Ministerial association of Nyssa has been urged to inform its various congregations relative to the importance of schools in national and community life. It is hoped the pastors will encourage members of their congregations to visit their schools during this week.

Tags, signifying that the bearer has attended the schools, will be given to all patrons by the education association. It is their desire that these badges be worn with pride to encourage others to visit the schools and observe what is happening to the youngsters in actual classroom practice.

Another service the teacher association has promoted concerns the donation of napkins to various restaurants of the community with printed information thereon, urging people to get out and vote on election day.

Education week committee is composed of Mrs. Josephine Rigney, Marie Coate, Marge Thomson, William Barton, Eva Chadwick and Nelle Hayes.

Jordan Valleyites To Have Phones Replacing Radios

Oregon's Public Utility Commission Jonel C. Hill this week authorized the Owyhee Telephone company of Homedale, Idaho, to borrow \$185,000 from the Rural Electrification administration in Washington, D.C., and to use part of the funds to finance modernization and expansion of its system in Malheur county, Oregon.

The phone firm told the PUC it plans to spend more than \$165,000 of the borrowed money to establish a modern dial exchange capable of furnishing service to about 169 subscribers in Jordan Valley and adjacent rural areas.

They said their construction program will make service available to Jordan Valley by April 1, 1963, with all phases of present plans completed by Jan. 1, 1964.

This will be the first land line service extended to the Jordan Valley area, Hill said. Residents there have been using radio for communication, he explained.

The construction program outlined by Owyhee for the Jordan Valley area includes a dial exchange building, installation of dial central office equipment, outside plant and associated facilities, and a toll line to their Wilder exchange.

Education Week, Nov. 11-17 Proclaimed by Nyssa Mayor

A PROCLAMATION

Whereas, the American system of free public education is a most vital force in equipping this nation's children and youth to meet the many challenges of the future; and

Whereas, the nation's schools and the schools of this community are essential to preserving the American way of life; and

Whereas, a rapidly changing world requires that education change to meet new challenges without diminishing the traditional American appreciation of the supreme worth of the individual; and

Whereas, the moral and fi-

ancial support of all citizens is necessary in the great task of educating young people for their roles as responsible Americans;

Now, Therefore, I, Grant H. Rinehart, Mayor of the City of Nyssa, Oregon, do hereby designate Nov. 11-17, 1962, to be American Education Week and urge all citizens to reaffirm their interest in the aims, achievements and needs of the schools to help strengthen and preserve this training ground of democracy.

GRANT H. RINEHART
Mayor of Nyssa, Oregon
Dated Nov. 6, 1962.
