

Adrian Antelopes Edge Bulldogs 50-49 In 1962-63 Season Basketball Opener

By FRANK PARR

In the season's opener the Adrian Antelopes squeezed by the Bulldogs in as thrilling a game as we'll see all season. It was a pell-mell scrap all the way with flashes of good basketball interspersed throughout the game. For most of the contest, Adrian displayed the toughest defense and at least one lad by the name of Poindexter excelled in the ball-dunking department.

Chukar Chatter

By DICK McNUTT

By this Saturday, Dec. 15, the first quarter for Treasure Valley college will have come to an end. Students are already turning in books and paying fees for next quarter. Needless to say, the first quarter has been a very successful one for the infant college, and from all signs, it will be even better second quarter.

Next term there will be new classes which will be taught by new teachers, and there is already evidence of new students enrolling at TVC.

Although TVC has been in existence for less than four months, the faculty and student body have been active not only in attending classes but also in extracurricular affairs. For instance, members of the faculty and Dr. Voris got busy and lined up a full basketball schedule. This was no small feat, considering no other colleges had ever heard of TVC before.

The student body built a float and entered it in the Christmas parade and plans are already made for a Christmas college dance. These are the things that are making TVC more successful and more appreciated by the students. We want the people of the valley to be proud of TVC as we are.

Explains Vendrell Case

Gene Stunz explained to the board that the Vendrell case has been settled by the Supreme court which found Nyssa schools were not liable for the boy's injury in a football game. This reversed a Circuit court judgment.

Some time was spent by the board working on a salary schedule for the 1963-64 school year. The biggest problem with salaries is trying to come up with a starting salary where new teachers will be attracted to the Nyssa School system. The board plans further study on the salary schedule before they can work on the budget for the next school year.

The eighth grade team's score was 16-14 in Nyssa's favor, while the seventh graders came out on the winning end of a 17-9 score.

Mike Kodama, Bobby Smith, Charles Parra, Dick Finger, Brad Maxfield and Royce Zobell were
