JEEP' GLADIATOR

Meet the 'Jeep' Gladiator, the first 4-wheel drive truck to offer passenger car smoothness on the highway, sure-footed 'Jeep' traction off the road.

The Gladiator's 140 hp. Tornado-OHC engine is America's only automotive overhead camshaft engine. It produces higher torque at lower engine speeds, costs less to operate than comparable conventional engines.

Other Gladiator features include: 'Jeep' 4-wheel drive with simplified, single-shift knob control and, for the first time in any 4-WD vehicle, optional automatic transmission and independent front suspension.

See the Gladiator—J-200 with 120-inch wheel base and 7-ft. box, J-300 with 126-inch wheel base and 8-ft. box, GVW's up to 8600 lbs.

Step in. Size it up. Try it out at your Jeep Dealer's

CHECKERBOARD

service bulletin

FOR THE COWMAN...

A rewarding moment!

At last the rewarding moment has arrived for the cowman... the care given the mother cow has paid off!

From now until calving time is a critical period for the cow. She is not only maintaining her own body, but building the unborn calf, too.

Results on range are harder to measure than in the feedlot—but just as important. In the feedlot daily gains can be weighed—cost of gain determined.

Purina dealers have demonstrated Purina's superiority in the feedlot with public feeding demonstrations. The same research formulates Purina Range Checkers—and for the same reason—results. From now until calving time feed Purina Range Checkers. Don't be misled by "chin music" and cheap prices.

Get Purina Range Checkers NOW at Our Store with the Checkerboard Sign... Prove to Yourself PURINA FEEDING Can Cost You Less!
