> ELLIS A. WHITE County Judge EARL FLOCK County Commissioner JACOB FISCHER County Commissioner

Stoker coal, as you may know, is a scientific mixture of assorted sizes blended for smooth stoker operation and clean combustion.

And that's where HOMOGENIZING comes in. By an exclusive process, ABC COALS are mechanically mixed in a way to produce absolute UNIFORMITY in that mound of fuel in your bin. It means more heat for your money, more comfort and cleanliness in your home.

Burn ABC... the coal that is far better PREPARED.
