Veterans' Department Accepts Applications In New Loan Amounts

The state Department of Veterans' Affairs has started accepting applications for farm and home loans under the new, higher loan amounts authorized by the 1963 legislature, Director H. C. Saalfeld announced last week.

The legislature increased maximums from \$13,500 to \$15,000 for homes and from \$30,000 to \$40,000 for farms.

While the increases don't become effective until Sept. 2, Saalfeld said veterans' applications will be accepted now and will be processed through the commitment stage, so that the loan closings may be accomplished as soon as possible after Sept. 2.

The veterans' department is expecting a 20 percent increase in applications and loan grants and a one-third increase in dollar volume of loans as the result of the new maximums.

In the biennium just ended, 8100 veterans borrowed more than \$84 million to acquire their own homes and farms. The department expects this to go to 9950 loans for \$114 million in the 1963-65 biennium. The average loan last fiscal year was \$10,340, and this figure is expected to go to \$11,460 for the next biennial period.

The only other change in the veterans' loan act was a provision which will allow some veterans who lose their state-mortgaged properties for valid reasons beyond their control, to obtain a second loan even though their original loan was not repaid in full.

Mrs. Jarvis Mitchell and two small children of Madras spent from Tuesday until Saturday of last week with her sister, Miss Karen Bybee. Their parents, Mr. and Mrs. J. E. Brower, accompanied by Mr. and Mrs. Delbert Hooper, spent several days fishing at Island Park.
