Malheur County Four-Day Fair Starts Wednesday With Aug. 27 Entry Time; Classes and Exhibit Locations Named

Exhibits Welcome From Out-of-County, State In Open Classes Should Add to Competition

The 54th annual Malheur county fair will get under way at the fairgrounds in Ontario Wednesday, Aug. 28, and wind up Saturday evening. Interest has grown continuously in this event and the taxpayers have provided funds to make the grounds, buildings and facilities better each year. It has become one of the largest fairs in the Treasure Valley area.

Woman Bowlers Discuss By-Laws For 1964 Season

The Nyssa Woman's Bowling association meeting was held Monday at the Sugar Bowl with approximately 50 ladies in attendance. Mrs. Sam Parks, newly elected president, conducted the meeting.

Members of the association approved suggested by-laws to be voted on by the group at the annual meeting to be held at the end of the bowling season.

Proposed amendments to the by-laws were that an association meeting be called when important correspondence is received by officers; that officers be bonded; bowler of the year contest is to be under supervision of a committee appointed by the president; that the bank statement be sent first to the president and then to the treasurer and to purchase a gift for the outgoing president not to exceed \$10.

Mrs. Willis Bertram reported on the state executive board meeting held recently in Bend. It was noted that the 1964 state tournament will be held in Coos Bay with the state meet to be bypassed in 1965 due to the nationals being held in Portland.

Mrs. Bertram also announced that state officers would conduct a workshop in this area if local associations so desire. The workshop is an informative school at which different phases of bowling are discussed in detail and questions concerning local problems are explained.

Mrs. Wilbur Holcomb was named publicity chairman for the city association with Mrs. Duane Holcomb as assistant.

Constitution committee members appointed by the president are Mrs. S. P. Bybee, Mrs. Ernie Metcalf and Mrs. Earl Jennings.

Entries must be made at the fairgrounds on Tuesday afternoon and evening, Aug. 27, and Wednesday morning until 10 o'clock.

Livestock will be exhibited at Girvin hall, land products at the main exhibit hall with flowers, arts and crafts, canning and baking in the Armory building.

"Outside" Exhibits Accepted

The county fair is an open show and exhibitors from out of county and state are welcome to enter in all open classes. This adds to the competition and makes prize winners all the more proud of their accomplishments.

The county fair board is composed of Loyd Adams, Nyssa; Morgan Beck, Ontario; and Joe S. Payne, Vale. They guide and supervise the many varied activities of the entire fair.

Advisers are county extension agents E. M. Hauser, George Bain, Joe Witty and Edna Mae Wimsatt.

Outstanding 4-H, FFA Livestock

The section of the fair devoted to future agricultural leaders in livestock has become the largest in either Oregon or Idaho. Over 500 entries are expected in 4-H classes alone, according to Hauser.

Based on entries received through Aug. 20, youthful farmers will enter 150 beef animals, 125 dairy animals and approximately 130 head of sheep and 75 of swine. Saddle horse entries will be about 60 with rabbit and poultry entries not estimated.

Fair Divisions Listed

The main divisions of the fair are dairy cattle, dual-purpose cattle, beef cattle, swine, sheep, fair booth exhibits, agriculture, flowers, arts and crafts, foods, 4-H club department, vocational agriculture.

Each of these is divided into classes with prizes offered for all. For a complete list of prizes, rules and regulations see the fair catalogue. Copies are available at the Journal office.

Hospital Reroofing Nears Completion

JUST AS THIS PHOTO was being snapped to show the contrast in the new and old sections of the roof on Malheur Memorial hospital, two visitors emerged from the front entrance and down the steps. They are W. E. Maze of Nyssa and his sister, Mrs. Troy Myers of Callaway, Neb. The Nebraskans were visiting in the Maze home and with a brother-in-law and sister, Mr. and Mrs. Silas Hoffmann, when Myers suddenly became ill on the evening of Aug. 9 and underwent immediate surgery in Malheur Memorial. Mrs. Myers and her brother had just called to visit with him. Returning to the original reason as to why the photo was taken, Charles J. Smith, hospital administrator, had just pointed out the contrast in the roof sections to a Journal reporter. He said, not only will it put a stop to numerous leaks, but the nearly white covering will make a big difference in the temperature inside the building due to the sun's rays being reflected and added insulation. Work is being done by Parks Roofing company of Nyssa and when completed will add greatly to the appearance of the local structure.

Jaycee Chairman of Blood Program Lists Donors Reporting, Assistants

A list of names of area residents reporting to donate blood at the Aug. 7 visit of the Red Cross mobile unit has been given to the Journal by Dr. David W. Sarazin, chairman of the Jaycee-sponsored project.

Donors reporting include Bernice Ableman, Minnie Adams, Mrs. Jean Alexander, Wilbur Anderson, Gabriel Astoreca, Jess Asumendi, David Ballantyne, Elvin Ballou, Dennis Bingham, Arlene Brammer, Ted Brammer, Donald Breashears, Ida Bullen.

Melvin Calhoun, Arleta Cartwright, Arthur Cartwright, Tom Church, Ione Cleaver, Gladys Cooper, Donald E. Costley, Max Dane, Gene DeMinck, Carl Devin, Evelyn Edmondson, Robert Fanger, Walter Faries, Melvin Feik, A. L. Fehlman, Barbara Fitzsimmons, William Fitzsimmons, Richard J. Ford, Betty Fox.

Dee Garner, Delbert Garner, Jeannette Garner, Mrs. Val Garner, Shirley Gifford, Myrtle Gover, Nora Graham, Harold Greer, George Griffin, Neva Haney, Everett Heldt, Othella Henderson, Hal Henigson, Rosemary Henigson, George W. Hollins, Lorraine Hoppeter, Alice Holdt, John Humphreys.

Jean Jones, Betty Jurries, Karma Kesler, Martha Krause, Meta Kurtz, Louise Kygar, Mary Laan, Raymond Larson, Ethel Lawrence, Ralph Lawrence, Orson Leavitt, Mrs. Carl Linegar, Max Long, Wanda Long, William C. Looney, Ray Lucas, the Rev. Paul Ludlow.

Additional Donors Listed

Eula McConnell, Walter McDermid, Glen McGinnis, Tim McGinnis, Walter McPartland, Robert Martin, Ed Mason, Robert Meisinger, Dorothy Michaelson, Marilyn Mills, Mark Moncur, Frank Morris, Cecil Morrison.

Dirick Nedry, Clarence Neely, Sr., Wilma Newman, Virginia Nichols, Dorothy Nolen, Donald Oldemeyer, Vera Paulus, Don Perdue, Norma Perdue, Helen Peterson, W. O. Peterson, Vi Putney.

Lyle Reece, Cecil Richards, Vesper Richards, Jan Rinehart, Wayne Robb, Darlene Robinson, Lester Robinson, Kae Saito, Mrs. Masako Saito, Alvina Salter, David Sarazin, Larry Shaffer, Dolores Sharp, Dorothy Shaw, Gerald Simantel, Elva Simpson, Alice

Payette County Fair in Progress At New Plymouth

Payette county's 17th annual fair and rodeo is now in progress at the fairgrounds in New Plymouth. Activities began yesterday and will be climaxed with a rodeo dance Saturday night.

Exhibits at the fair include 500 head of livestock, featuring some of the finest dairy cattle in the west.

Other attractions include rides, concessions, refreshments and two oldtime threshers in operation. Prizes will be awarded in nine major events during the Thursday, Friday and Saturday performances of the rodeo, described as the wildest, fastest little show on earth. Stock is being furnished by Stephens ranch at Midvale.

A fat stock sale will be held at 2 o'clock on Saturday afternoon when animals shown by 4-H and FFA students will be sold at auction. Services will be donated by professional auctioneers and proceeds will go to the youths owning stock.

Field Day Slated To Study Soybean, Safflower Trials

Soybean and safflower research trials will be shown to interested persons at a special field day at Oregon State university's Malheur Branch Experiment station on Friday, Aug. 23, according to Superintendent E. N. Hoffman. Visitors may call at the station at their convenience throughout the day.

Much of this year's soybean research has dealt with field production problems associated with the 1962 commercial production of this potential new crop. Many of these can now be overcome as a result of this year's findings, according to Luther Fitch, station research agronomist, in charge of this work.

Dr. Norman Goetze, OSU extension crops specialist, will be on hand to discuss market prospects and the world supply situation for both crops.

The public is invited to this station special event.

Nyssa Starts Back-to-School Events With Big Parade for Kiddies Friday; Fete Teachers at Monday Luncheon

Chamber of Commerce Sponsors Programs; Merchants Offer Back-to-School Bargains

Back-to-school events start this Friday with a big kids' parade starting at 2 p.m., followed by a free watermelon feed at south city park. Monday noon the teachers and administrators of the local schools will be treated to lunch, also at the park. Both of these events are annual affairs and sponsored by the Nyssa Chamber of Commerce.

Parade contestants will assemble at 1:45 p.m. at the vacant lot across the street from Eder's Building Supply and enter in one or more of the four following categories: (1) pets, (2) floats and costumes, (3) soapbox cars, and (4) wagons, bikes, trikes and doll buggies.

Prizes will be awarded in the amounts of \$5 for first place, \$3 for second and \$2 for third in each of the four classes. Judges for the event will be Bob Thompson, Royce Irby and Ron Schoen.

The parade, led by part of the local band, will be routed down Main street to Fifth and thence to the park for the watermelon feed. Chief "Slicer" of the melon bust will be Vane Rusco.

It is not necessary to register for the parade, according to Reed Ray, chairman of the merchants' promotion committee.

Teachers' Luncheon Scheduled

Teachers will be assembled at the park at 12 noon for the luncheon furnished by the chamber. This is an annual goodwill gesture to welcome back returning instructors and to get acquainted with those new to the faculty.

Serving will be Vic Haburchak, chamber president; Paul Penrod, Idaho Power company manager; and Floyd Rhoades, manager of the Merc.

Local merchants have been advertising their back-to-school wares for several weeks and report they will continue having quality merchandise at fair prices for all. School starts Tuesday, Sept. 3, and as soon as parents learn what school supplies are needed they can be found in the stores of Nyssa.

OWYHEE PIONEERS SLATE SEPT. 1 PICNIC IN NYSSA

The annual Owyhee Pioneer picnic will be held at 12:30 p.m. Sunday, Sept. 1, in Nyssa south park.

The dinner will be potluck and in addition to food, those planning to attend are asked to take own table service.

Elementary Principal Clarice L. Poor Issues School Information for Parents

Mrs. Clarice L. Poor, Nyssa elementary principal, has asked the Journal to publish a list of school supplies needed at each grade level so that parents may purchase the items at their convenience before school convenes Tuesday, Sept. 3.

All students, both boys and girls, will need tennis shoes for physical education classes to be held in the gymnasium, Mrs. Poor states. The child's name should be printed on each shoe for easy identification.

Zipper-type notebooks are not recommended for elementary students. Regulation pens will be available at the school. Pupils are asked not to bring ballpoint or fountain pens.

Required Supplies Listed

Grade 1—The \$1.50 registration fee will pay for all school supplies except gym shoes.

Grade 2—Two No. 2 pencils, wide-lined pencil tablet, pink pearl eraser, box of crayons (16 colors), 12-inch ruler.

Grade 3—Two No. 2 pencils, pink pearl eraser, box of crayons (16 colors), 12-inch ruler, wide-lined pencil tablet and wide-lined spiral notebook.

Grade 4—Two No. 2 pencils, pink pearl eraser, box of crayons (16 colors), box of Prang watercolors, wide-lined spiral notebook, looseleaf notebook with wide-lined paper (no zipper).

Grade 5—Two No. 2 pencils, red-lead checking pencil, pink pearl eraser, box of crayons (16 colors), 12-inch ruler, two wide-lined spiral notebooks, looseleaf notebook with wide-lined paper (no zipper).

Grade 6—Two No. 2 pencils, pink pearl eraser, red-lead checking pencil, box of crayons (16 colors), 12-inch ruler, two wide-lined spiral notebooks.

Cafeteria Information Given

Lunches will be served in the school cafeteria beginning Wednesday, Sept. 4. Charge for elementary pupils will be \$1 for a five-day week per child. Milk will be available at the cafeteria to supplement lunches that first, second and third grade children bring from home. Cost will be 15 cents per week.

Training Period For Instructors To Begin Monday

In-service training for Nyssa school instructors will begin at 9 a.m. Monday, Aug. 26, according to announcement by Walter L. McPartland, superintendent.

The morning of the first day will be spent in a general session with McPartland in charge. Charles Quinowski will report on a government workshop which he attended recently in Washington, D.C. Don Bates will tell of a recent National Education association meeting which he attended in Detroit.

Members of the school board will meet briefly with the teachers for introductions and Gene Stunz, chairman, will give a short welcoming talk.

At noon, school personnel and board members will attend a luncheon in Nyssa south park, sponsored by the local chamber of commerce.

That afternoon and the two days following, the teachers will meet with the various principals in their own buildings.

On Thursday, the instructors will attend a county meeting in Ontario pertaining to the teaching of reading in grades one through twelve.

McPartland and Dirick Nedry, school clerk, left this morning for Salem where they will purchase needed surplus items. They will also confer with authorities of the National Defense Education act regarding equipment for the new biology room.

TAKE EQUIPMENT TO McCALL

Bill Hamilton, Pam and Timmy took a load of scout equipment to McCall Sunday for Girl Scouts and leaders who are spending a part of this week camping near there.

Nyssa Newcomers

THIS IS BILL and HARRIETT SPITTLER, their daughters, Cynthia, 11 years of age, and Kathy Sue, 9. Bill arrived in Nyssa in June when he assumed duties as general loan officer at the local branch office of the First National Bank of Oregon. Mrs. Spittler and the girls joined their husband and father on Aug. 1, arriving from Portland. They attend the Christian church. Spittler's favorite hobbies are photography and fishing, while his wife is fond of gardening. Cynthia will be in the sixth grade, while Kathy Sue will be a member of the fourth grade class in the Nyssa school system. The family resides in the J. C. Olsen house at the corner of Gem avenue and highway 20-26, north of Nyssa.—Staff Photo.

Nyssa Among 16 Graduate Students Contributing to Chemistry Textbook

Dennis Lynn Forbess is among 16 graduate students contributing to the PACE (Plan of Action for a Challenging Era) program at Stanford university in California. He is a son of Mr. and Mrs. Richard A. Forbess, 104 North Fifth street.

Dennis was graduated from Nyssa high school in 1957 and from the University of Oregon at Eugene in 1961. He is now working toward his doctorate degree at Stanford.

Dollars buy books in a continuing stream on the Stanford campuses, but it isn't often a book turns into dollars for the university's use, in addition to fulfilling its academic destiny.

According to a release by the University News service, a chemistry textbook, "Steroid Reactions—An Outline for Organic Chemists," is doing just that for Stanford's \$100 million PACE program.

Ford Foundation Adds Funds

Royalties from the book, after paying out-of-pocket expenses, are being turned over by the editor and 16 graduate student authors as a contribution to the program. Every three dollars contributed to PACE earns one matching dollar from the Ford Foundation.

Instructors To Give Gun Safety Program At Tuesday Meeting

Local hunter safety instructors are planning a program at 8 o'clock Tuesday evening, Aug. 27, in the high school little theater. The hunter safety program for nimrods under 18 years of age will be explained and anyone wishing to register for one of the courses, planned for the near future, may do so at the meeting.

Cecil Langdon, game biologist, will speak on game observation and management. A film, "Hunting Safety," produced by the Oregon State Game commission, will be shown. This film stresses some of the more important phases of safe hunting.

All former students, prospective students and their parents are invited to attend.

tion's incentive grant which helped spark the fund campaign.

Useful both to the classroom student and to research chemist, the 657-page volume resulted from an educational experiment directed by Professor Carl Djerassi, noted instructor. This was a special course he gave in the fall of 1962 for doctor of philosophy candidates in organic chemistry; it produced a compendium of new organic chemical transformations not easily available in any other single source.

Since donors to the PACE campaign may designate use of their gifts to any area of the program as outlined, the 17 have requested that the textbook royalties go toward furnishing the graduate chemistry conference center now under construction. For those who will come after them, the student donors thus will help fill one of Stanford's needs known best to them.
