It's no great trick-

TO MAKE THE CHANGEOVER
TO WONDERFULLY WARM, CLEAN,
QUIET AND CONVENIENT
ELECTRIC HEAT
FOR YOUR HOME

There are a number of very easy ways to make a conversion to electric heat for a single room, or two, or the whole house.

Most important is to set the same standards for insulation—including double doors and windows—as we do for Gold Medallion homes.

You will find competent planning help at your local Idaho Power office, or call your electric heating contractor. There is still ample time to switch to electric heat for a wonderful winter this year!
