

Meridian Overpowers Bulldogs 27-13 Friday in Last Game of Grid Season

By FRANK PARR

The Meridian Warriors' superior weight wore down a scrappy Nyssa outfit Friday night to wind up the 1963 football schedule for the Bulldogs. The final score was Meridian 27, Nyssa 13.

Nyssa started the evening's festivities by kicking off to Meridian. The Warriors started off on a long jaunt toward the Bulldog goal and in 16 plays with five first downs, they broke into the scoring column with a touchdown. The PAT was good and the Idaho boys had seven points.

School Acquaints Public With Work

(From the Nyssa High Bulldog)

National Education Week is held each year in November to acquaint the public with the work of education and with the problems of training children for effective citizenship.

A typical Education Week program opens with sermons on education in churches of the community. The rest of the week is devoted to such activities as special radio and television programs on school and community relations, special PTA meetings and library exhibits.

National Education Week is recognized in other countries as well as the United States. It is becoming an international affair, even though some countries are represented by different organizations.

This year William Barton has been selected as the chairman of Education Week at NHS.

The 1963 theme is "Education Strengthens the Nation." Education Week this year is Nov. 11-16.

Elementary and primary schools will have counseling with parents coming to the school. No present plans have been made for the junior and senior high schools.

Homemaking Pupils' Activities Described

(From the Nyssa High Bulldog)

Young men are getting their trained homemakers nowadays. Do you want to know what to expect boys?

First year homemakers learn how to arrange flowers, decorate rooms, make a basic skirt and blouse. They also learn how to can and freeze fruits.

Second year homemakers learn how to make breads, pies and pastries and to make a wool skirt and cotton dress. They also have a very interesting project on wardrobe which is a lot of work and surprises. MONEY! MONEY! Consumer education, budgeting—both time and money.

Third year homemakers learn how to make shirtwaist dresses and wool suits. Third year homemakers love their suits and get a lot of satisfaction out of wearing them, says Mrs. Virginia Steffens.

Home economics has a worthwhile program, boys. So be picky! look for a TRAINED HOME-MAKER!

Warriors Lead at Halftime

On the next play Nyssa had a pass intercepted. From there the Idahoans went in to score their second touchdown just as the first half ended with the score standing at 13-7 against the Bulldogs.

The second half was less than six minutes old when Nyssa crashed over for their second score. Craig Burbank had returned the opening kickoff to the 43-yard line and alternating with Noble Morinaka and Rudy Atagi, it took them seven plays to score. The PAT attempt was no good so Meridian was out front 14-13.

An exchange of punts took place with the ball near midfield. All of a sudden a Warrior broke loose from the Nyssa 40-yard line and went all the way for another six pointer plus the extra point, making the count 21-13.

Warriors Make Final Score

Nyssa received and promptly lost the ball on downs on the 50-yard stripe. From there the Warriors marched for their last score.

It was anybody's ball game up until the last quarter. Nyssa had matched drive for drive. Meridian couldn't stop Nyssa's scabbards, Morinaka and Atagi, or the plunges of Burbank.

On the other hand, the Bulldogs couldn't cope with the line smashes or the passing of the Gem Staters. There were three punts in the entire game. Gary Mason and Mark Morton were messing things up in the Meridian backfield most of the evening.

Mike Jefferies and Jim Benedict got their share of tackles on the line of scrimmage. Norman Haney, Dick Meisinger, Paul Wilson and Ed Lawrence played good ball the entire game.

Twenty-Four Juniors Receive Scholastic Aptitude Test at NHS

(From the Nyssa High Bulldog)

Preliminary Scholastic Aptitude tests were given to 24 juniors Saturday, Oct. 19. The test was administered by Mrs. Harriet Brumbach, guidance coordinator. The \$1 test fee charged by Educational Testing Service was paid by the individual student.

PSAT is offered by the College Entrance Examination Board, a non-profit organization. These tests are offered in all parts of the United States and in foreign countries to all students, schools and colleges that wish to use them.

Purpose of the test is to measure two kinds of scholastic ability—verbal and mathematical. Studies conducted in several hundred colleges throughout the country have shown that these abilities are essential to successful college work.

Juniors and seniors can compare their scores with students in the same grades throughout the country. This information, considered with the school academic record, can help the student decide whether or not to go to college and where he might consider going.
