NOTHING HAPPENS UNTIL A SALE IS MADE

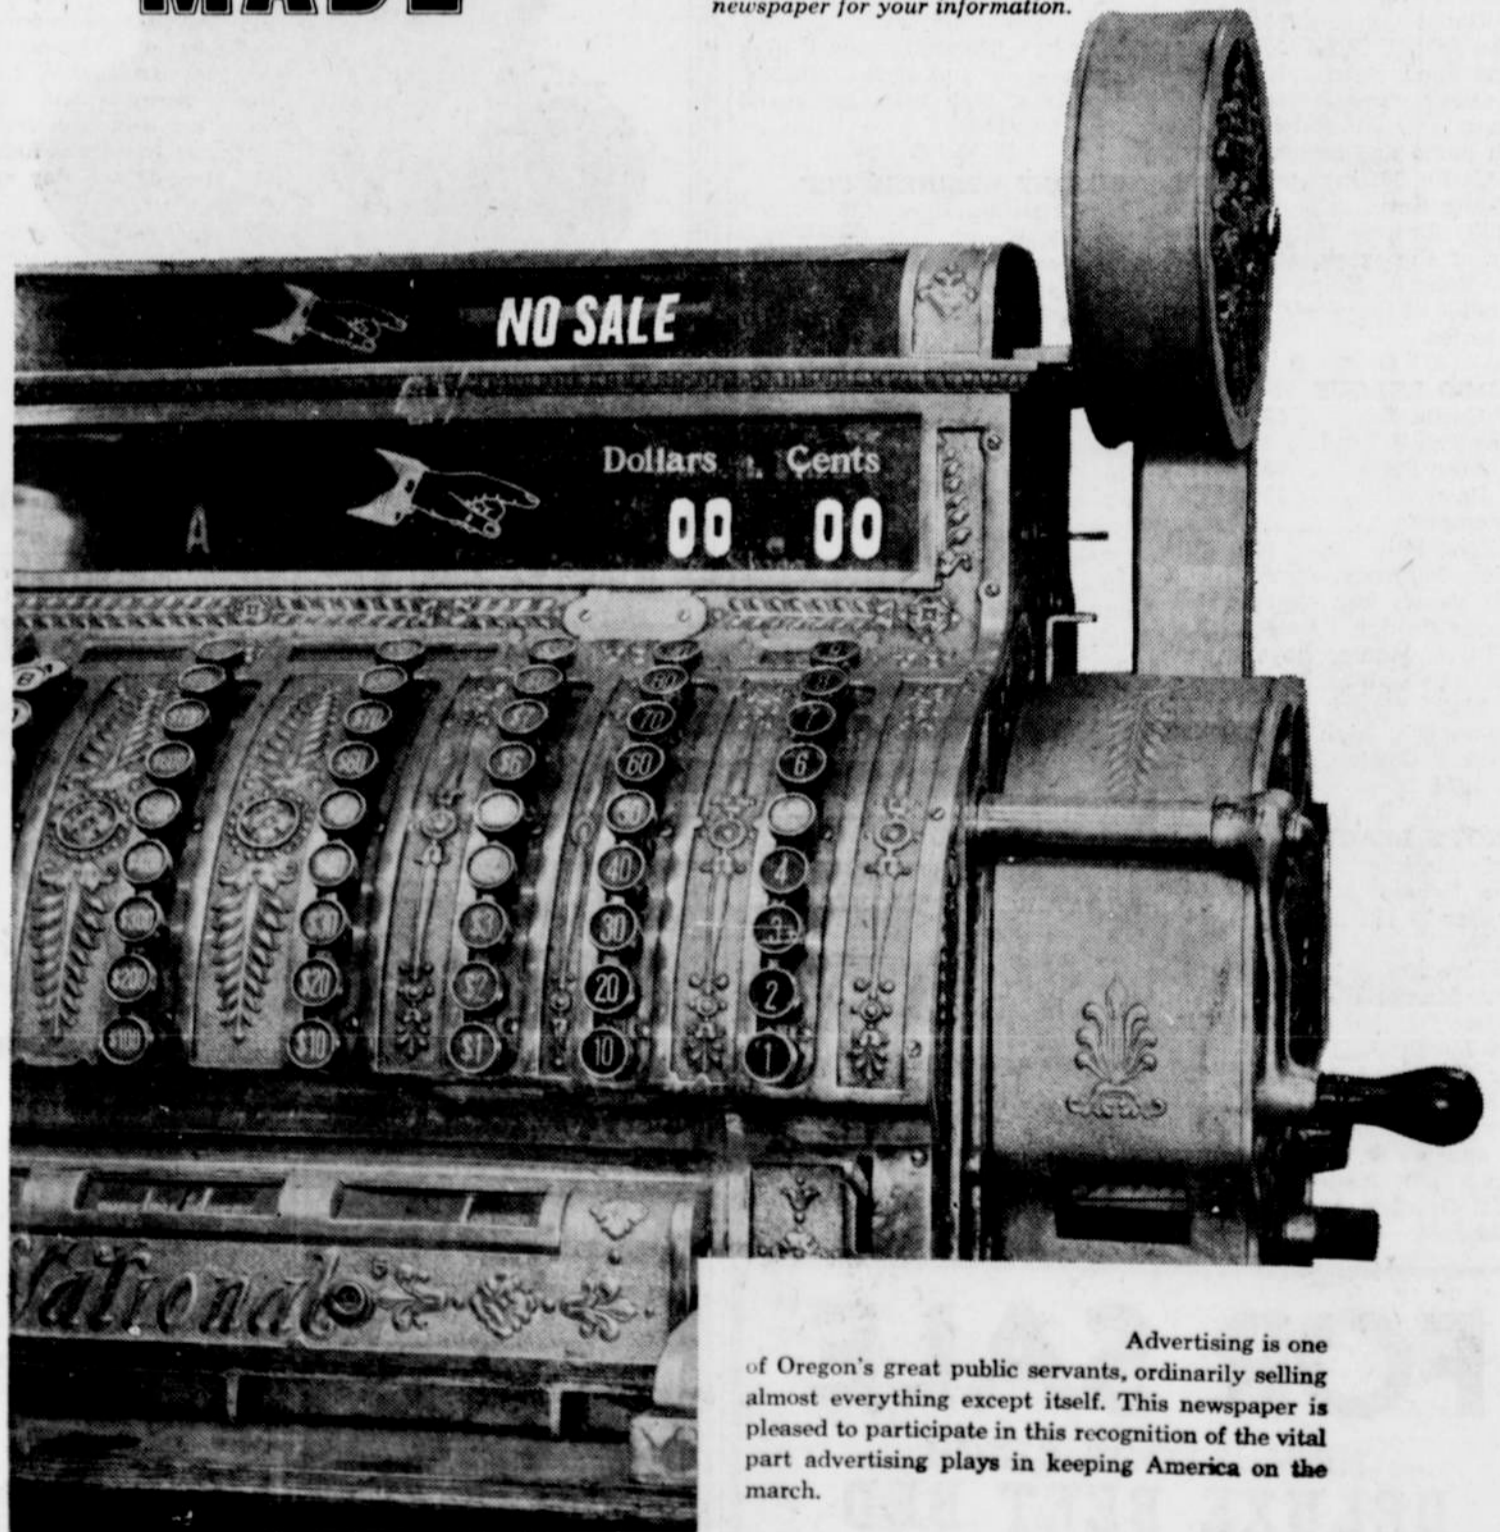

It's true. Unless sales are made, wheels don't turn. Factories don't produce. Machines stand idle. So do people. No jobs.

But when sales are made, things happen. America lives, breathes, creates. There is accomplishment, pride. There is progress.

Where are most sales made? In ads, of course. Ads that tell you what you want to know, about what you want to buy. Ads that guide you in fulfilling needs and wants. Ads that stimulate competition, help keep prices down. Ads that keep America rolling ahead.

When advertising helps you buy, we prosper . . . as people, as families, and as a nation. It pays to be advertised at.

A public service advertisement prepared by a leading Oregon advertising agency at the request of the Oregon Newspaper Publishers Association and published by this newspaper for your information.

Advertising is one of Oregon's great public servants, ordinarily selling almost everything except itself. This newspaper is pleased to participate in this recognition of the vital part advertising plays in keeping America on the march.
