June Is Dairy Month...

WE SALUTE THE QUEEN OF THE PASTURE
 —and we—
CONGRATULATE ALL DAIRYMEN
 Who Have Made Malheur County Number 1 Among Oregon Dairy Producers!

NOW... You Can Grow 320-Pound Calves in Only Four Months!

Purina Calf Chows are easily digested, highly palatable... practically eliminate nutritional scouring and death loss.

Now you can raise 320-pound heifer calves in only 4 months' time.

In recent feeding work at Purina Research Farm, 89 calves were fed exclusively on PURINA'S Nursing Chow—Calf Startena Program. At 4 months of age the Holstein Heifers in this group averaged 320 pounds... a full 60 pounds heavier than is considered "good" for calves of that age. (Average as reported in Morrison's "Feeds and Feeding.")

And, these calves put on their vigorous, healthy growth for less than half the cost of whole milk feeding!

Simple... Easy... Cost-Cutting—Purina's Calf Program takes advantage of the life-stimulating powers of colostrum... It provides the extra vitamins, minerals, energy and disease protection not found in whole milk.

HOW THE PURINA CALF PROGRAM WORKS—Colostrum for the first three days... Gives your calf Nature's miraculous disease-resistance factors. This store-

house of energy and antibodies has no substitute.

Nursing Chow (Purina) for the next 30 days, plus Calf Startena... Gives calves minerals, vitamins, energy and disease protection not found in whole milk.

Calf Startena (Purina) for the next three months. It is during this "fast growth" period that Purina-fed calves make gains up to triple their birth weight—build strong bones, smooth coats. At four months, they're big, rugged heifers, already half way to breeding weight.

PRACTICAL DAIRYMEN AGREE—Practical dairymen throughout the country have often stated: "My calves really go for these Purina Calf Chows... They have proved easily digestible..." "Nutritional scouring and death loss have been practically eliminated."

Ask us about the facts on **Nursing Chow** and **Calf Startena**. Order some. Aim to grow big, husky calves in only 4 months on your farm!

Feed PURINA... You Can Depend On the Checkerboard!
