RE-ELECT Robert G. (Bob) INGRAM COUNTY SHERIFF

In the past four years the efficiency of the Sheriff's Department has been improved in many ways, some of which are . . .

- The installation of a Deputy in Jordan Valley, who costs the county only one-third of his salary, the balance being paid by the state for his work as a brand inspector.
- Replacement of one of the department cars with a pickup to aid in traveling the remote areas of the county while working on livestock cases.
- Absorbing a work load increase of 50% while budget increase has been held to 25%.
- The construction of a new jail with kitchen facilities which have cut the cost of feeding prisoners from 75 cents per meal to approximately 10 cents per meal, or a saving of enough to more than pay the salary of the jailor and matron.

I feel the record established by my department speaks for itself, and on this record and 18 years of law enforcement experience, I earnestly ask your support November 3.
