### Nyssa Chapel Rites Conducted Saturday For Raymond D. Reed

Funeral rites for Raymond Delbert Reed were held Saturday morning, Jan. 23, 1965, at Lienkaemper chapel with the Rev. Arthur Skogan of Owyhee Community church officiating.

Mr. Reed, an Owyhee area resident, succumbed to an apparent heart attack following an extended illness. It was determined that he had died in his sleep and the body was discovered shortly after noon on Jan. 20 by the Owyhee hotel manager in Nyssa.

The deceased was born May 10, 1908, at Greeley, Colo., a son of Mr. and Mrs. George D. Reed, and attended Weld county schools in the Centennial state. After moving to the Northwest, he resided in Idaho and then went to Nevada where he worked in the silver mines.

He then came to the Nyssa area where he was engaged in farming and had resided until his death. Mr. Reed was drafted into the army in 1941 and received an honorable discharge upon leaving the service.

He is survived by three brothers, Jay L. of Torrance, Calif., Clarence V. of Oakridge, Ore., and Clayton L. of Cortland, N.Y.; four sisters, Mrs. Fae Raven of Ault, Colo., Mrs. Evelyn Distler of Roseville, Calif., Mrs. Mae Wilson and Mrs. Emma Wilson of Moses Lake, Wash.

His parents and a younger brother, Harold Dean, preceded him in death.

Interment services were conducted at the Owyhee cemetery. Active pallbearers were Don Linville, Charles Share, Harold Snyder, Donald Brewer, Louis Stam and Gabriel Astoreca.

### Rites to Be Held Friday Afternoon For Leo W. Child

Local funeral services for Leo Wright Child will be conducted at 2 o'clock tomorrow afternoon, Jan. 29, 1965, at the Nyssa LDS stake chapel with Bishop Howard Ray Bair officiating. Prior to the service, the body will be in the Relief society room at the west entrance of the chapel.

Funeral rites were held Tuesday at Mesa, Ariz., for Mr. Child who succumbed Jan. 23 at Mesa following an extended illness.

Mr. Child was born Sept. 20, 1884, to Mark Anthony and Eliza Wright Child and was the eldest of 13 children.

Early in life he learned the meaning of pioneering. When he was four years of age, the family moved on the Sandridge about eight miles from Ogden, Utah, now known as Clinton.

He began his education in a one-room school house with a hewn log used for a seat, and his book sack hung on a wooden peg driven into a log wall. He later studied at the old Weber academy in Ogden with well-known David O. McKay as instructor.

On Aug. 17, 1904, he was united in marriage to Fannie Hunt Burnett in the Salt Lake City temple and to this union six children were born. Mrs. Child succumbed in 1954 at Ontario. The family had then been residents of the Nyssa area for approximately 10 years, having moved here from Clinton.

The deceased was known as a great Boy Scout leader in Utah as well as in the Ore-Ida council. As scoutmaster, many lads of troop 458 received Eagle awards through his efforts as he taught them the true meaning of Scouting.

Mr. Child, himself, was recipient of the Silver Beaver award, a great honor which few receive.

After selling his farm just west of Malheur Memorial hospital, Mr. Child moved to Mesa and was married to Hallie Dees who survives.

Other survivors include two sons, former Nyssan Arvel Lester of Quincy, Wash., and Leon Mark Child of Provo, Utah; two daughters, Mrs. J. Elwood (Iona) Flinders of Nyssa and Mrs. Hugh (Helen) Olsen of Morgan, Utah. One son and a daughter preceded him in death.

Also surviving are two sisters, Mrs. Clara Hill of Clinton and Mrs. Venice Whitney of Salt Lake City; one brother, Jonathan Wright Child of Salt Lake; 18 grandchildren and 29 great-grandchildren.

Local funeral arrangements will be under direction of Lienkaemper chapel and interment will be made in the Nyssa cemetery.

**People May Obtain Information**  
Those who are interested can obtain information at any of these places with respect to any bill or measure that is introduced. It is our thought that providing this access to calendars, indexes and the actual bills will be of great assistance to the people of our district.

As we go about the capitol, we cannot help but be reminded of that old song, "Seems to Me I've Heard That Song Before." The bills introduced in general pertain to the same subjects, and the most familiar theme is the demand for more and more money for education, welfare, for the departments and for everything that people can imagine.

The strange part is that those requesting more funds are inclined to be "put out" if we even suggest that the state does not have a bottomless sack of money as the federal government apparently does.

**Salary Bill Produces Uproar**  
Representatives Bob Smith of Burns and Stafford Hansell of Umatilla county have brought the slumbering legislators to their collective feet with a wrathful show of indignation. The only thing these influential representatives did was to introduce a bill that would reduce legislator's salaries from \$250 to \$150 per month.

This sounds drastic on its face, but the people should remember that legislators receive \$20 per day for at least 120 days during the session as a per diem. This includes Saturdays and Sundays, and it includes those living in Salem as well as those living only 50 miles away in Portland.

The Smith-Hansell bill does not interfere with the practice of many legislators to hire their own wives, whether qualified or not, as their personal secretaries at a wage of \$17 per day, again including Saturdays and Sundays. **Total Pay Now \$8,400**

Legislators received \$600 per year and no per diem until 1963. The people then gave the legislature authority to increase its

### Final Rites Held At Nyssa Chapel For Area Pioneer

Final rites for William L. Parker, former Nyssan, were conducted Monday morning, Jan. 25, 1965, at Relyea chapel in Boise. Officiating minister was the Rev. Newell Morgan, pastor of the Boise First Christian church.

Mr. Parker succumbed last Thursday in a Boise hospital.

He was born March 23, 1903, at Gordon, Neb., came to Malheur county in 1932 and worked in various dry cleaning establishments. He served in the Air Corps during World War II, was discharged in 1943 and then for three years worked at a shipyard in Portland.

Mr. Parker then returned to Nyssa where he operated the Nyssa Cleaners on South First street until approximately a year ago when due to ill health he retired and moved to Boise.

In addition to his widow, the former Beulah Ganoa, whom he married Aug. 24, 1945, at Camas, Wash., he is survived by three brothers, Archie of Gordon, Neb., Clyde of Vancouver, Wash., and Ben Parker of Mountain Home, Idaho.

Other survivors include two step-daughters, Mrs. Lois Sarchiapone of Fruitland, Mrs. Anita Moore of Boise and five grandchildren.

Burial was made in Morris Hill cemetery at Boise. Active pallbearers were Lewis Wirth, Robert Turner; Nyssans Mort Wixon, Hamer Faris, Wayne Stites and Ralph Thomas. Honorary bearers included Jack Sparks, Larry Zimbleman, Merlin Shields and Lynn Blacketter.

Mr. Pullen succumbed at the age of 84 years on Jan. 20 in a Nampa nursing home.

He was born March 13, 1880, at Huntsville, Ark.; came to the Nyssa area in 1901 and in 1943 moved to Kuna, Idaho.

In addition to his widow, Josephine of Kuna, he is survived by four sons, Fred of Kuna, Jesse of Cincinnati, Ohio, Clarence of North Fork, Nev., and Noble Pullen of Homedale; three daughters, Mrs. Myrtle Fetter of Nampa, Mrs. Viola Savage of Nyssa and Mrs. Wilma Hutchison of Pullman, Wash.

Other survivors include a stepson, Elwood Anderson of Compton, Calif.; a sister, Rhoda Whitmore of Gerty, Okla.; several grandchildren and great-grandchildren.

Mr. Pullen was preceded in death by his first wife, Henrietta, and two sons.

Interment was made in the Owyhee cemetery under direction of Lienkaemper funeral home.

Active pallbearers were Werner Peutz, Harold Wilson, Louis Pratt, Bob Wilson, Jack Anderson and Aden Wilson. Honorary bearers included Charles Schweizer, Audrey Ward, Charley Bradley, Damon Savage, Al Thompson, Harry Bryce, Emery J. Hobson and Artie Robertson.

own salaries, and lo and behold, they only increased the total pay from \$1,200 per biennium to \$3,400 per biennium. This does not include pay to the secretary-wives, and it is for about four months' work.

It would tend to eliminate the "professional legislator." Time will tell whether the legislators are interested in true economy or whether personal interests outweigh other factors of state concern.

A bill has been introduced to eliminate the inventory tax. This is a personal property tax that is imposed upon the inventory of the many merchants in our state. Frequently the same inventory is taxed year after year in the case of slow-moving products.

**Produces \$32 Million Biennially**  
Everyone agrees that it is an inequitable tax, but the problem has been that of finding the revenue to replace the income that the inventory tax produced which is about \$32 million per biennium.

It was proposed at the last session that the professional self-employed men pay this tax. This did not sit too well with those who have to pay the tax, since college professors and presidents of large utilities and all salaried personnel would be exempt.

Therefore, Representative Mosser's bill proposes that it come from the general fund, which means the use of the same sources that pay for state services. We will continue reporting progress on this bill as time goes by.

**Republican Strength Tested**  
The 1965 session is far ahead of any that either of us have attended, and the prediction of Speaker Montgomery for a 100-day session could become a reality. The House Democrats have flexed their muscles and tested the Republican strength by seeking to remove a bill from a committee to which the speaker had assigned the bill.

The Democrat effort failed, and it appears that the speaker will continue to be supported in his control of the House. He has been exceptionally kind and fair to all legislators, and various harassing attempts have not varied his friendly disposition and equality of treatment of legislators.

The senate has passed a bill (SB No. 40) which requires that all community colleges have the words "Community College" in the name. The House has passed an appropriations bill to meet the expenditures of the session. It provides for about \$950,000 as compared with \$1,100,000 for the 1963 session.

### Oregon State University Finance Aid For Students Told in New Publication

A new publication has been issued by Oregon State university outlining financial aid opportunities for students, including scholarships, loans and part-time jobs.

It is designed to help "all able students who desire and are willing to work for an education" but who need some sort of financial assistance. Dr. Dan W. Poling, dean of men, headed the committee that prepared the booklet.

Average yearly costs are now figured at about \$1400 but individual costs vary, it is noted, according to differences in courses of study, types of housing, transportation costs and personal thrift and wants. Housing costs, for example, may be reduced by living in cooperative houses where students share household tasks.

#### Aid Program Expanded

OSU has greatly expanded its financial aid program in recent years as education costs have gone up and increasing numbers are striving to get a college education, Poling pointed out. About one out of three OSU students is totally self-supporting, according to surveys made earlier by the registrar's office.

Approximately 70 percent of

the men students and 30 percent of the coeds reported they are at least 50 percent self-supporting.

The new publication gives a complete listing of scholarships offered in the various departments and schools along with those from the State Scholarship committee. More than 800 scholarships are given annually to OSU students, Poling reported. Need is considered along with scholarship for many of the study grants.

#### Many Sources Available

Student loans have become a million-dollar business on campus. Included are loans under the National Defense Education act, the OSU Student Loan fund which has a maximum of \$300 loans for freshmen and up to \$700 for seniors, plus a host of special loan funds established by various business groups and donors for students in specified fields.

A student employment office is maintained also to assist students in finding part-time employment. Last year, the office found part-time work for nearly 2000 students whose earnings were estimated at about \$110,000.

Copies of the publication are available by writing the OSU Financial Aid Committee, Commerce Hall 111, OSU.
