Chevrolet Impala Sport Sedan with Body by Fisher

JET-SMOOTHER THE CHEVROLET WAY

We added new bushings and softened body-to-frame mounts to smooth Chevrolet's ride. We put in soft-acting shock absorbers and soft-working coil springs at every wheel. By soft, though, we don't mean mushy. Chevrolet's Way makes for a smooth, solid ride. Very steady on curves. A bump jumps from the Wide-Stance wheels to the supple springs and shocks—and pfft! It all but disappears.

Soft contoured new Strato-bucket front seats come standard in Super Sports for relaxing comfort on every trip.

Eight features now standard for your added safety—including seat belts front and back (always buckle up!) and an outside rear-view mirror (always check in back before passing).
