

School Activities Highlight News Of Residents in Apple Valley Area

By Mrs. Waldo Smalley

APPLE VALLEY—Mr. and Mrs. Arnie Finkbeiner and Kim, Mr. and Mrs. Don (Barbara) Hatt and family will be honored with a farewell party Thursday evening, May 19, in the Apple Valley school gymnasium. The event is scheduled to begin at 8 o'clock and all residents of the community are invited to attend.

Last day of school picnic for Apple Valley will be held Thursday, May 26. Field day events will start at 9 a.m. with a picnic lunch at 11:30 for everyone. Those attending are asked to take a basket lunch and own table service. Coffee and punch will be served and a free Dixie cup of ice cream will be provided for all school children by the PTA chapter.

Area mothers are also reminded that May 13 is school day for all first graders entering Apple Valley school next fall.

Mr. and Mrs. John Boston entertained Friday evening with a birthday anniversary party for their daughter, Shelly. Guests were Mr. and Mrs. Cecil Pearson of Payette, Mr. and Mrs. Ed Cahill and girls of Boise, Mr. and Mrs. Earl Boston.

PTA Chapter Given Awards

Eight members of the Apple Valley PTA unit attended the May 5 district conference held at Shore Lodge in McCall. "Light the Way for PTA" was theme for a day-long conference with 97 delegates in attendance.

District President Mrs. Glenn Layher of Caldwell introduced the speakers for the morning assembly. Following a noon luncheon, workshops were held for the executive members. These were reported to be very interesting and informative.

Those attending were Yoshiyori Kora and Betty Jean Griffin, who represented the area council; Arlene Seward, Yoko Takatori, Norma Nelson, Naomi Fritts, Bonnie Nichols and Helen Otani.

Apple Valley received two awards, one for the most delegates present and one for the most delegates traveling the greatest distance. The 1967 district 3 conference will be held in Emmett.

GLEN SCHIREMAN
... 1949 NHS Graduate

Glen Schireman has been named supervisor of health, physical education, recreation and safety for school district 549C at Medford, according to a recent announcement.

He is a son of Mr. and Mrs. William E. Schireman of Nyssa, a 1949 NHS graduate and in 1953 was graduated from the University of Oregon in Eugene.

After serving for two years in the U.S. Army, with 17 months of that time being in Japan, he resumed his studies at U of O and in 1956 received his master's degree. Schireman and his wife, the former Harriet Scroggins, are parents of three boys.

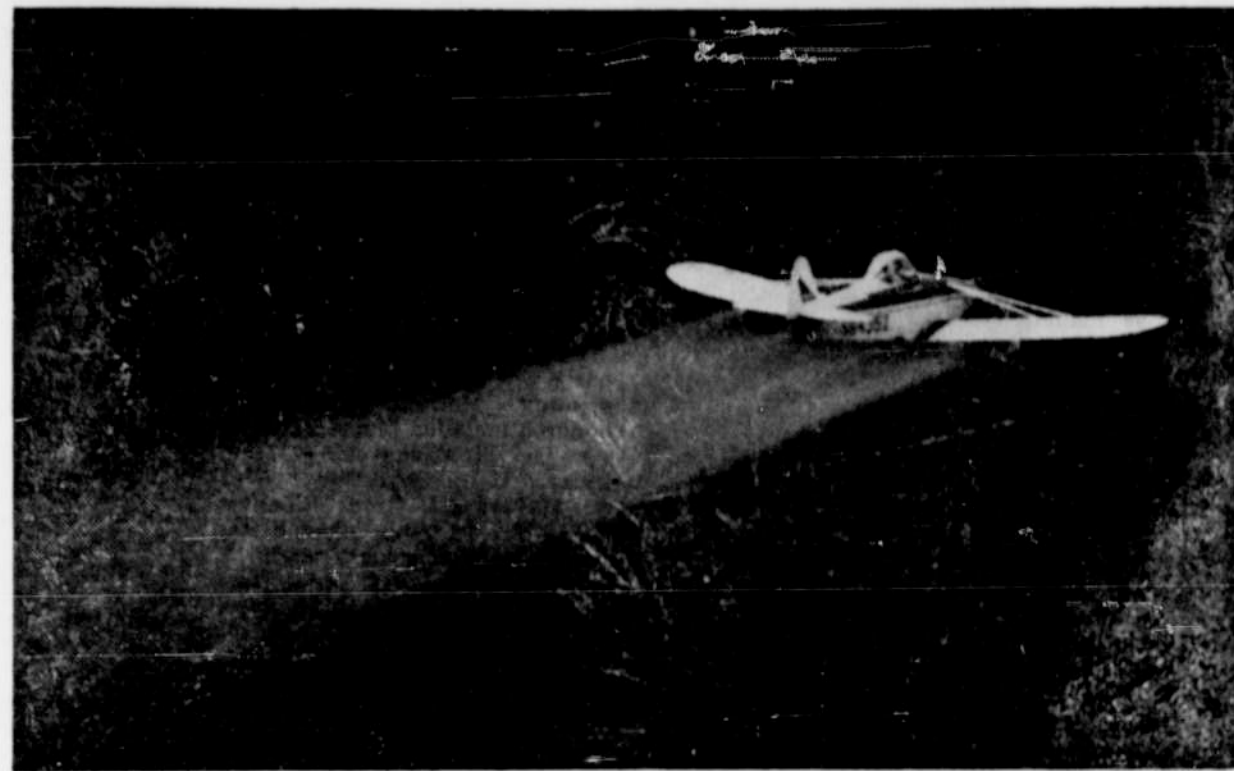

He taught and coached at Jacksonville high until 1959 when he joined the Medford staff upon consolidation of the two schools. For the past four years he has been chairman of the PE, health and intramural program, served as driver training instructor and assistant coach.

Schireman is replacing Lee V. Ragsdale who in August will become head of the health and physical education department at Portland State college.

ert Smalley and family of Payette were Sunday evening dinner guests in the Waldo Smalley residence.

Gordon Nichols of Nampa was a Saturday overnight guest of Mr. and Mrs. Rex Nichols.

CONTROL APHIDS ON ALFALFA

Cygon provides powerful protection at low, economical rates

Cygon 267 Systemic Insecticide has proved outstanding in controlling the tough insects on field and vegetable crops. It works two ways to knock out pests:

- as a contact insecticide—with high initial kill
- as a systemic protector within the plant—active 14 days and longer.

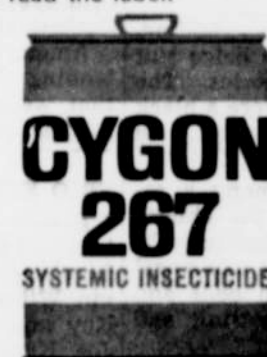

This double-barreled action—provides protection from outside the plant and inside the plant. The insecticide within the plant remains on guard against insects when they attack and is also unaffected by sun or rain.

Cygon's long-lasting qualities and low rates make it a most economical insecticide. It is also a very low-hazard material. No protective equipment is needed. When used according to directions there are no residue problems. NO PERMIT REQUIRED.

Cygon 267 is also registered for use on various cole crops, peas, peppers, potatoes, tomatoes and watermelons. It is highly effective against aphids, thrips, leafhoppers, leaf miners, lygus bugs, grasshoppers.

For further information contact your local insecticide supplier.

Before using any pesticide, stop and read the label.
