—From BILL SCHIREMAN:

Here's a new diesel fuel that can triple fuel filter life.

It's new Chevron Diesel Fuel with an exclusive detergent/dispersant additive. New Chevron Diesel Fuel solves the problem of premature filter plugging. It disperses contaminants so well that particles pass through the finest commercial filters without clogging or settling out to cause injector fouling. The particles are so fine, they cannot possibly harm your engine. Result: The life of your fuel filter can triple, or more. For your supply of new Chevron Diesel Fuel, give us a call now. You'll start saving money immediately.
