Reverberations on Father's Day

We were taken to task by several readers over our apparent self-pitying, tongue-in-cheek editorial remarks regarding Father's Day in the last issue of the Journal. Those who felt they were accepting the observance of Father's Day (with its attendant gifts and little considerations) without official endorsement may cease worrying, because at least one reference work gives father HIS day.

It now seems that we were "sold" by the wrong encyclopedia salesman some years back, inasmuch as we were referred this week to World Book Encyclopedia which contains the following entry:

"FATHER'S DAY is a day on which many people of the United States and Canada express gratitude and appreciation by giving their fathers presents or greeting cards. Father's Day comes on the third Sunday in June. Some organizations hold special programs.

Mrs. John Bruce Dodd of Spokane, Wash., started Father's Day in 1910. Later, the custom spread throughout the United States. In 1936, a national Father's Day Committee was formed with headquarters in New York City. The Father of the Year is elected annually. Among men chosen have been Douglas MacArthur, Ralph J. Bunche, Dwight Eisenhower, and Harry Truman."

Please note that 1910 date; it's four years before Mother's Day was officially proclaimed.

Well, so much for Father's Day . . . until next year!

WAHLERTS RETURN HOME

Mr. and Mrs. Bill Wahlert returned Sunday from Canada where they attended seed meetings. Ray Wahlert visited recently with his parents, the Bill Wahlerts, before leaving for his cousin's ranch near Bend, where he will spend the summer.

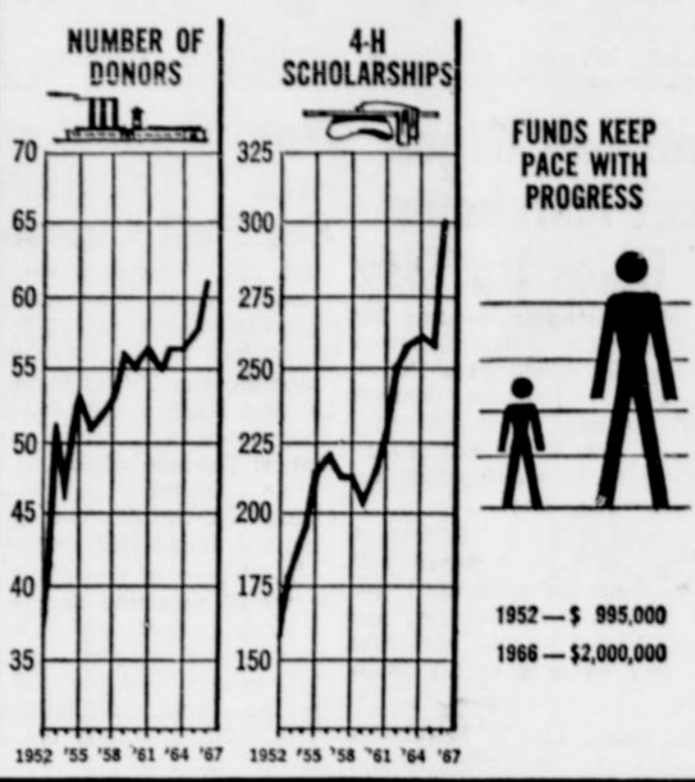

Many Awards Given . . .

Among the latest 4-H programs giving awards based on accomplishment are horse, home management, photography, dog care and community beautification.

SUPPORT OF 4-H AT NEW HIGH

LETTER To the Editor

Portland, Oregon
 June 15, 1966

Editor
 Gate City Journal
 Nyssa, Oregon

Dear Sir:

I hope that through your Letters-to-the-Editor column I may be permitted to express my appreciation to those who worked so hard on my behalf during my recent successful effort to secure the Democratic Senatorial nomination.

I appreciate the many hours of assistance by the hundreds of friends and supporters and hope I may count on and deserve their continued support. I only wish I could send each a personal letter of appreciation, but my Congressional schedule unfortunately does not permit it.

Sincerely yours,
ROBERT B. DUNCAN
 Member of Congress

Jehovah's Witnesses Schedule Assemblies

Charles C. Dodge, local overseer of Jehovah's Witnesses, reported recently that plans have been released by the Watchtower Society of New York for 13 district assemblies to be held during the summer in North America. "An organized delegation from our congregation," Dodge said, "will attend the assembly at Empire stadium in Vancouver, B.C., Aug. 3-7, which is the closest to our area. A crowd of 35,000 is expected to attend."

According to Dodge, this series of conventions began in Toronto, Canada, June 22 and ends Aug. 28 at Mobile, Ala. "All persons in the Nyssa area interested in better understanding of world conditions today are welcome to attend the Vancouver session to hear the featured address 'What Has God's Kingdom Been Doing Since 1914?'" Dodge concluded.

WEEKEND VISITORS

Weekend visitors in the Wallace Prowell home were her parents, Mr. and Mrs. W. C. Gillette and Doris of Baker; the Rev. Prowell's brother-in-law and sister, Mr. and Mrs. Grayton Dugan and Roy of McKinleyville, Calif.

Joy and Susan Prowell returned home with the Gillette family for a two-week visit.

On "Not Getting Involved"

According to the Philadelphia Inquirer, "Human rights and human responsibilities must go hand in hand. Neither a nation nor an individual can long endure while remaining aloof from the rest of the human race and watching with detached indifference while the liberties of others are crushed. To do so, it seems to us, is to invite inevitable self-destruction."

Nyssa Attends CWF Assembly At Purdue Site

Mrs. Wallace Prowell left Wednesday noon by car with Mrs. Clifford Weare of Burns to attend the third Quadrennial Assembly of the International Christian Women's Fellowship at Purdue university June 27-July 1 in Lafayette, Ind.

They will join about 3,600 women of the Christian churches (Disciples of Christ) and guests, including national church leaders from various parts of the world and 16 fraternal delegates from other religious bodies.

Mrs. O. Ivan Cole of Arlington Heights, Ill., president of the organization, said that purpose of the assembly is to "provide the occasion for Christian women to confront situations in which they must act with courage, to discover the needed power and resources and to develop the conviction required for action."

A commitment service was held last Sunday at the local church for Mrs. Prowell.

Kaye Green Circle Of Methodist WSCS Elects New Officers

Prior to the start of the new church year which was June 1, both daytime circles of the Methodist Women's Society of Christian Service met at the home of Mrs. Verna Martin in Apple Valley.

Also in attendance were members of the Apple Valley group, making a total of 31 women at the session.

One of the new groups held an organizational meeting last Thursday afternoon at the home of Mrs. Dave Beers with 11 members and one guest in attendance. New officers elected for the coming year are Mrs. Verna Tobler, chairman; Mrs. Zora Osborne, vice chairman; Mrs. Maurice Corey, secretary-treasurer.

Assistants to various general secretaries are Ann Beers, kitchen committee; Ina Coffman, bazaars; Jeanette Lytle, spiritual life; Effie Hight, membership; Harriet Pennie, attendance.

The women voted to take the name of Kaye Green, who is a missionary to Algeria, one of the Methodist projects for the coming year.

Next meeting of the group will be at 2 o'clock Thursday afternoon, July 21, at the home of Mrs. Ellis Walters.

GUESTS FROM CALDWELL

Mr. and Mrs. Cecil Shane of Caldwell were weekend visitors of Mr. and Mrs. Bill Schoen.

Milk Products and What They Are Detailed by Agricultural Department

The dairy cow and products having her milk production as their main ingredient are taking the limelight this month as National Dairy month is observed.

Once Bossy's contribution to the family diet was cream, milk and, maybe, buttermilk.

Now the list has grown to some 24 milk products that have been given standards of identity by the Oregon Department of Agriculture and approved for sale in Oregon.

The array of labels that a shopper encounters when he goes to the grocery store is a bit bewildering.

To clarify these, here is a list of various milk product names and standards:

Raw Milk—Unpasteurized milk with a butterfat content of at least 3.2 percent and solids not fat of at least 8.5 percent.

Pasteurized Milk—Same as above but pasteurized.

Homogenized Milk—Pasteurized milk with fat so broken up and blended by a machine that there is no cream separation.

Cream—Not less than 18 percent butterfat.

Whipping Cream—Not less than 30 percent butterfat.

Sour Cream—Pasteurized cream with not more than .20 percent lactic acid, produced by natural bacterial action, the use of lactic acid producing culture or direct addition of lactic acid.

Cultured Sour Cream—Sour cream produced only by lactic acid producing culture.

Extra Rich Milk—Pasteurized milk with at least 5 percent butterfat.

Half and Half—Pasteurized, homogenized mixture of milk and cream with at least 11.5 percent butterfat.

Whole Milk—Milk with no butterfat content standardization, except that it must contain at least 3.2 percent butterfat and at least 8.5 percent solids not fat.

Non-Fat Milk—Milk with not more than 0.5 percent butterfat and not less than 8.5 percent solids not fat.

Vitamin D Non-Fat Milk—Pasteurized non-fat milk with the Vitamin D content increased to at least 400 USP units per quart.

Fortified Non-Fat Milk—Pasteurized non-fat milk with the vitamin content increased not less than 2,000 USP units of vitamin A and 400 USP units of vitamin D per quart.

Skim Milk—Milk with the butterfat content less than 3.2 percent and solids not fat not less than 8.5 percent.

Vitamin D Skim Milk—Pasteurized skim milk with the vitamin D content increased to at least 400 USP units per quart.

Fortified Skim Milk—Pasteurized skim milk with the vitamin content increased to not less than 2,000 USP units of vitamin A and 400 USP units of vitamin D per quart.

Fortified Milk—Pasteurized milk with vitamin content increased to at least 2,000 USP units of vitamin A and 400 USP units of vitamin D per quart.

Chocolate Milk—Pasteurized milk with chocolate or cocoa and sugar added and not less than 3.2 percent butterfat.

Chocolate Drink—Pasteurized skim milk or non-fat milk with chocolate or cocoa and sugar added.

Ayrshire, Brown Swiss, Guernsey, Holstein or Jersey Milk or Milk Products—Milk or products made entirely from the breed of cow listed on the label.

Buttermilk or Cultured Buttermilk—Fluid milk from the churning of pasteurized milk or cream or from the souring by culture of lactic acid bacteria or pasteurized skim milk or non-fat milk soured by a culture of lactic acid bacteria. Contains not less than 8.5 percent of solids not fat.

Flavored Milk—Pasteurized milk with syrup or flavor added, such as strawberry, raspberry, etc.

Flavored Dairy Drink—Pasteurized skim milk with syrup or flavor added.

In all fortified milk products the following vitamins and minerals may be added as optional ingredients: Vitamin B1, vitamin B2, vitamin C, niacin, iron and iodine.

ENROUTE TO CALIFORNIA
 Mr. and Mrs. Larry Findley visited recently with his grandparents, Mr. and Mrs. Owen Gann. The couple also visited her parents before moving to California where he is employed. Findley was graduated June 12 from the University of Oregon at Eugene.
