### New Truck Acquired By Rural Fire District

(Continued From Page 1) Just last month, the rural board voted to give \$50 to new Fire Chief Delbert Malloy for extra work he will be called upon to do.

The second reason for economy in operation is that the city houses the area's two trucks. In turn the rural district and the city have a working agreement which allows the volunteers to use the rural truck for fire calls within the city.

However, if a call should come from the rural area while the truck is being used in the city, the crew would immediately take off to the scene of the rural blaze.

### New Truck Costs Double

The new truck, delivered in August 1966, cost the district \$18,833—plus the used truck. The new vehicle is valued at \$24,000, or about twice the amount of the one purchased new in 1949.

But the new one is a lot more truck—prices have increased in the 17-year period—and it is a pumper that will not fail to pump.

Wibur Atherton, present chairman, is serving his second five-year term on the board of directors and Melvin Spitz is now a three-year member of the board.

## Six Simple Rules

... for ... SAVING MONEY ON CLOTHES!

1. Leave Stains Alone. The cleaner knows better how to remove them.
2. Clean as Soon as Possible after staining. Fresh stains are always easier to treat, old stains may be impossible.
3. Clean Regularly. Clean, fresh clothing cannot deteriorate.
4. Clean Before Storage. This is one of the biggest losses of all. Soiled garments just naturally deteriorate and invite damage from moths.
5. Buy Wisely. Ask questions. Read labels. Be sure!
6. Choose a Good Cleaner. Select someone who knows his business and cares about your clothes and pleasing you.
