Area Couple Returns From Month-Long Trip

(In reporting on her recent trip, Mrs. Wilson Witt has asked the Journal publishers to express her appreciation to friends of the Newell Heights community for writing the area's news column during her absence...

NEWELL HEIGHTS - Wilson and Dale Witt returned Monday evening after a month-long visit with relatives and friends in Nebraska and Kansas.

They left home Aug. 30 and their first visiting stop was in Grand Island, Neb., where they called at the home of friends, the Virgil Vaughns.

The couple then went to Axtell, Kan., their former hometown, near where their farm was located. There they visited cousins, Mr. and Mrs. Keith Rundle and family, and with Mrs. Witt's brother, Mr. and Mrs. D. C. Conable near Summerfield.

On Sept. 3 the Witts attended a 50th wedding anniversary celebration for cousins, Mr. and Mrs. Paul Matthes at Zion United Church of Christ near Fall City, Neb.

The Oregon couple were Labor Day guests at a potluck family picnic in the Fall City park. From there they went to Wichita, Kan., where they visited Mrs. Witt's sister, Mrs. Rhea Percival and family.

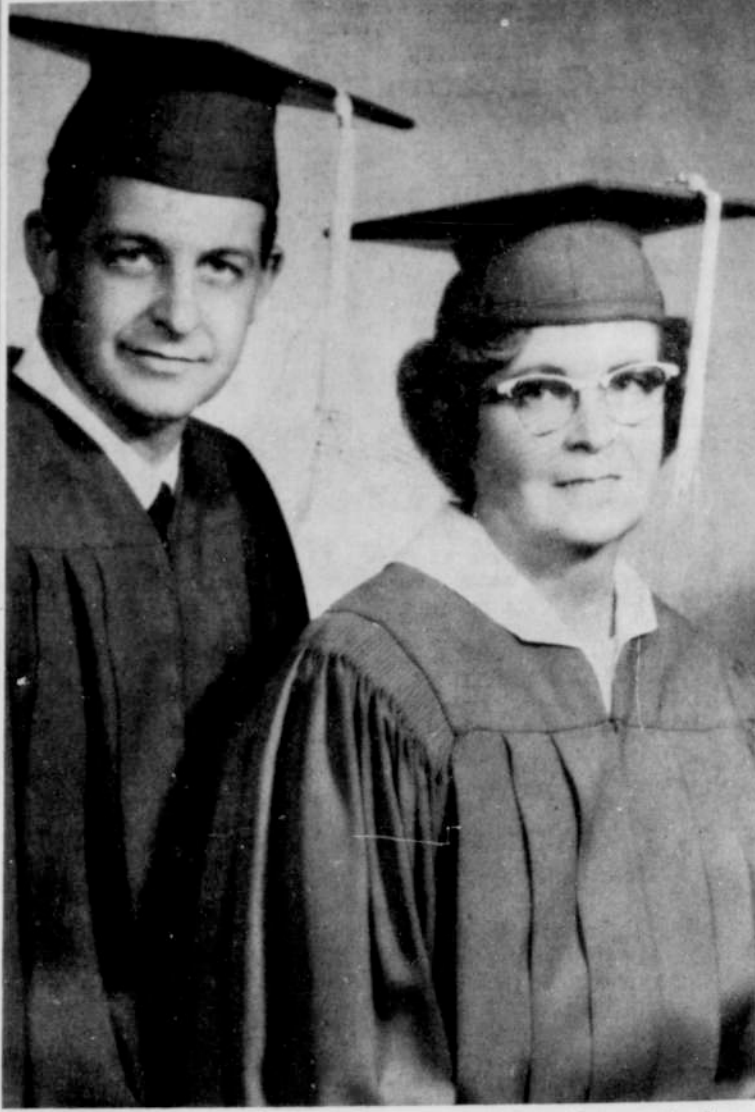

Mrs. Florence Kreg, her son Francis and his daughters of Waterloo, Iowa, arrived Sept. 14 for a visit with the Rundles, Conables and Witts. They are cousins whom the group had not seen for over 15 years.

On Sept. 18 the Witts attended the Mina Fairview reunion at Beattie, Kan., where they renewed acquaintances with many former friends. Among those attending were California and Washington residents. There the Witts met her brother, Mr. and Mrs. Milo Conable of Sacramento.

Enroute home the Newell Heights couple spent one night with cousins in Esbon and visited for several days with Witt's sister, Mr. and Mrs. William Hubbell at Wheat Ridge, Colo., and with his brother, Dr. and Mrs. N. F. Witt in Boulder.

The Witts report seeing good wheat crops in Marshall county, Kan., and fall rains. They noted there were good crops of milo and maize, but very little corn. Western Kansas appeared awfully dry except for small irrigated strips.
