"Fuel for Thought"
 -from BILL SCHIREMAN:

How to double oil filter life in your engines.

Use RPM DELO Multi-Service Oil. This is really a superior mixed fleet oil. It can extend periods between overhauls and reduce maintenance costs for gasoline or diesel engines during high or low temperature operation and heavy duty or stop-and-go service.

It doubles oil filter life by dispersing contaminants so thoroughly that they pass through the finest commercial filters. They can't form sludge or harm engines. Give us a call about this or any of our other RPM DELO Oils.

Gallons of service and honest prices for Northwest farmers

Pacific Supply Cooperative was formed more than thirty years ago with this objective: to help eliminate discriminatory pricing practices.

Unfortunately, they are still with us—in some places.

At the sign of the Circle P you can expect prices, quality and service based on these principles:

HONEST PRICING . . . the same fair tank wagon delivery price to any buyer of the same quantity and service.

TIMELY AVAILABILITY of petroleum products when and where you need them.

ASSURED QUALITY on Pacific gasoline and diesel fuels, oils, greases, tires and accessories.

HIGHEST LEVEL OF SERVICE, that meets routine and emergency needs.

"We believe that the agricultural industry, which can be victimized by nature, should not be plagued by problems over which man has a degree of control—namely service, price and availability of necessary supplies."
