

Frozen Food Discussion Planned For Pollyannas

By Dale Witt
KINGMAN KOLONY - Pollyanna club members will meet at 2 o'clock this afternoon, June 1, in the home of Mrs. Herschel Thompson. Roll call will be answered by the women telling places in the world they would most like to visit. Leona Anderson of the Idaho Power company will give a demonstration on freezing foods for unexpected company. All interested women in this area are invited to attend.

Mrs. Bill Toomb, Mrs. Jim Phifer and Jan attended services Sunday morning at the Lutheran church in Nyssa where a dedication service was held in memory of the late Bill Toomb. Ron Webb and daughter, Ann were Sunday afternoon visitors in the Wesley Walker home. Mrs. Dyrre Roberts of Big Bend and Mrs. Art Sparks spent last Thursday in Payette where they attended an alumni meeting of the County Committee organization in the home of Mrs. Lavana Porter. Mr. and Mrs. Art Sparks spent the weekend in Buhl, Ida.,

STUDY PLANNED

St. Bridget's CCD classes will be held June 5-10. Three Sisters from Portland will assist in teaching the classes. They are Sister Rochelle Marie, Sister Marie Ave and Sister Marie Pauline.

Earns Scholarship

Miss Peggy Seuell, a sophomore at Oregon College of Education in Monmouth, is among 132 returning college students who have been awarded state scholarships to attend OCE during the 1967 - 68 academic year.

The student is a daughter of Mr. and Mrs. Woodrow Seuell of rural Nyssa. According to an OCE news release, the awards include both part and full tuition scholarships.

Members of Pomona Grange #33, Malheur County, met in regular quarterly session, Saturday evening, at El Dorado Grange in Ironside.

Master Ira Price opened the meeting with the fifth degree and heard the reading of the minutes of the last meeting held at Big Bend Grange. Grange was lowered to the fourth degree for work and a Memorial service program.

Chaplain pro-tem Sophia Butler led the service. Sister Lois Boenig as Flora placed flowers on the altar as Secretary Clara Price read the names of departed grangers.

Nyssa Graduates At Naval Air Base

USN Airman Edwin V. Maulding was recently graduated from the aviation mechanical fundamentals school at the Naval Air Technical training center in Memphis, Tenn. He is a son of Mr. and Mrs. Edwin V. Maulding Jr. of Nyssa.

During the four-week course, he was introduced to mathematics, physics and the principles of electricity. Maulding received instruction in atomic structure, static and dynamic electricity, magnetic theory and also the theory and construction of aircraft batteries.

Purpose of the school's curriculum is to provide selected Naval and Marine Corps personnel with the knowledge and skills basic to entrance into the Aviation Machinist's Mate schools and Aviation Structural Mechanic school.

Music Students Stage Recital

Music students of Mrs. Elvin Ballou presented a recital Sunday, May 28th, in her home. The students were Joy Prowell, Julie Anderson, Ron and Susan Bone, Cathy Pliss, and Loralee Bates, piano; Martha Heider, piano and organ.

Following the recital, refreshments were served. Allan Cottle, son of Mr. and Mrs. Kenneth Cottle, returned home Thursday. He is attending BYU in Provo, Utah.

Local Granger Reports On Quarterly Session

Members of Pomona Grange #33, Malheur County, met in regular quarterly session, Saturday evening, at El Dorado Grange in Ironside.

Master Ira Price opened the meeting with the fifth degree and heard the reading of the minutes of the last meeting held at Big Bend Grange. Grange was lowered to the fourth degree for work and a Memorial service program.

Chaplain pro-tem Sophia Butler led the service. Sister Lois Boenig as Flora placed flowers on the altar as Secretary Clara Price read the names of departed grangers.

Those named mentioned respectively were Bert Brant, William Downs, and Dessa Hofstetter of Boulevard Grange; Tully Griffin of Oregon Slope Grange; Cecil Garrison, Owen P. Council, Thomas G. Jones, Russell Gressley, Rommel Moss and Anna D. S. Pratt of Oregon Trail Grange.

Lecturer Ellen Jones offered the word of consolation. The service was closed with the singing of "BEAUTIFUL ISLE OF SOMEWHERE" and benediction was given by the Chaplain.

Reports were given by Mrs. Alva Amidon, county deputy; Mrs. Wilbur Atherton, home economics chairman; Ted Avery, agriculture chairman. Frank Sherwood, legislative chairman, reported on the bill concerning controlled burning of ditch banks. He stated that the law indicates that the restric-

tion of the burning is up to the discretion of the local fire chief.

Grangers voted to donate \$15 to the fund to send a youth to State Grange, which is to be held in June.

Grangers were reminded of the Tri-county picnic to be held July 30 at the Whetmore Park.

Seven resolutions were considered and those approved were sent to State Grange. The lecturer's program consisted of a game called "Who Am I". A name was pinned on the back of each woman and she was to try to find out who she represented within a given time. The first to discover identity was winner of a prize. There was a great deal of laughter as the names of movie stars, historical, funny paper or television characters were checked. The winner was Mrs. Farrell Anderson who turned out to be Phillis Diller. She was presented with a bouquet of artificial roses.

The El Dorado Grange women served lunch to 45 members from five granges. Next Pomona meeting will be at Oregon Slope grange in August. The date will be announced later.

Mr. and Mrs. Gene Brady and family, James Brady, a student at TVCC, were Sunday guests of Mrs. J. I. Brady. Also attending the Sunday get-together were Mr. and Mrs. Roy Brady and family of Renton, Wash. Roy and Gene Brady are the sons of Mrs. Brady.

Agriculture Men Find Yellow Jacket Control

People who get the blues when yellow jackets threaten summer outdoor activities may get some help from a discovery made by scientists at the U.S. Department of Agriculture Entomology Research Station near Corvallis, Oregon.

A new way to control yellow jackets may result from a powerful lure tested by USDA Agricultural Research Service entomologists Harry G. Davis and Gaines W. Eddy. The attractant drew hundreds of yellow jackets to pint jars containing less than 1/100 ounce of the material.

The material was originally produced by ARS chemists Terrence P. McGovern and Morton Beroza in their Beltsville, Md. laboratory for use in efforts to attract the European chafer, Davis and Eddy found that although the chafer didn't respond to the attractant, yellow jackets did.

Eddy said that the lure attracted different species of yellow jackets in Oregon, including a species which is one of the most widespread in Oregon, California and possibly other states. He said about 150 similar compounds were tested in 1962 with best results gained from an ester called 2,4-hexadienyl butyrate. Additional tests during the last year turned up several more compounds even more powerful than the original material.

According to the ARS entomologists, the lures are specific for yellow jackets and do not attract beneficial insects such as honey bees. The scientists pointed out that although yellow jackets do kill some flies and other undesirable insects, they are a nuisance and one of the more difficult insects to control.

"The yellow jacket sting is not only painful, but can be fatal to some people," Eddy said. "The insects also assemble in large numbers around food, disrupting picnics and outdoor meals of sportsmen, campers and backyard barbecuers." He added that the insects are also a potential health hazard since they may mechanically transmit germs picked up when they visit trash cans and other places where

unwanted food is discarded. The ARS scientists claimed the lures might provide a new or better way to control yellow jackets when used as a bait in traps where the insects could not be killed by an insecticide. The lures would minimize the amount of insecticide needed and traps could be so constructed that children and animals could not reach the insecticide.

Another possibility would be to employ a slow-acting insecticide that the yellow jackets could carry back to their nests to kill their young as well, they explained. The use of the lures in conjunction or combined with chemosterilants, pathogens, or both, also offers a new approach to control. Now that the potential of the lures has been demonstrated, ARS scientists plan additional tests to determine practical applications which might be made with the lures.

Cubs Get Awards, Win Turtle Derby

Approximately 70 area residents, including parents and children attended the May 28 meeting and potluck dinner of Cub Pack 450 held in the Methodist church basement.

Den 1 received the parents' attendance ribbon. A turtle race was held with Neal Oldemeyer taking first place honors, Bill Ulrey second, and Mark Strom, third.

Scouts receiving various awards included Jimmy Greig, Larry Haney, Doug DeMinck, Diego Castellanoz, Pete Leseberg, Alan Lawrence, Mark Strom, Mike Tyner, Neal Oldemeyer, Ross Fox, Bill Ulrey, and Johnny Strickland.

The Rev. Ralph A. Lawrence presented the park charter and registration cards to committee members.

Val Dee Glenn is home for the summer to be with his parents, Mr. and Mrs. Marion Glenn. Val is a student at BYU. Mrs. Sherry Crawford and Roger have returned home to Utah after a visit with her parents.

June 9 Ceremonies Planned For Opening Of State Park

Ceremonies marking the official opening of Ontario State Park, Oregon's newest in a system that now numbers more than 200 State Parks and Waysides, will be conducted on June 9, starting at 1:30 p.m. (Mountain Daylight Time). It was announced today by Forrest Cooper, state highway engineer.

The site includes three acres of State Park land in addition to 35 acres of highway right-of-way, including 15-acre Johnson Island. It is located adjacent to the North Ontario Interchange of Interstate 80N on the Snake River. Present facilities include picnic tables, water, a rest station, and a boat-launching ramp. There are paved parking areas providing 60

stalls for cars and boat trailers in addition to a paved parking area with 40 stalls in the picnic area.

Festivities for the day will begin with a picnic luncheon served in the park by the Ontario Jaycees starting at 12 noon. Glenn L. Jackson, chairman of the Oregon State Highway Commission, will serve as master of ceremonies for the occasion. Proceedings following the luncheon will begin with an invocation by the Rev. Tom Foster, First Methodist Church, Ontario. Among the other speakers will be Judge Ellis A. White, who will represent Malheur County; Mayor Morgan G. Beck, representing the city of Ontario; and David Ashby, pres-
