The modern parent has to spare the rod --for Junior to ride around in.

A lady phoned her television serviceman and complained that something was wrong with her set. The serviceman asked her whether there were any visible symptoms.

"Well, the newscaster is on right now," replied the lady, "and he has a very long face."
"Ma'am," replied the serviceman, "if you had to report what's happening in the world these days, you'd have a long face, too!"

Sign seen recently in a district office of the Bureau of Internal Revenue: "Remember, America is a land of untold wealth."

Some people cause happiness wherever they go; others whenever they go.

By the time you've saved enough money to buy a luxury, it has ceased to be one.

Editors call themselves 'We,' so the person who doesn't like what he writes will think that there are too many of him to lick.

Remember the turtle--he never makes any progress until he sticks his neck out.

Road maps tell a motorist everything he wants to know except how to fold them up again.

The mod-rn idea of 'roughing it' is driving with a standard gear shift.

The new cars are smooth; but pedestrians are in good running condition, too.

An egotist is a person who is m2-deep in conversation.

The little voice inside us used to be conscience. Now it's a pocket radio.

Why call money 'dough?' Dough sticks to your fingers.

No wonder women live longer than men. See how long they're girls.

The best thing about the future is, that it comes only one day at a time.
