

## KRAIZEY JOUKS

The second day of a diet is always easier than the first. By the second day you are off of it.

Always behave like a duck--keep calm and unruffled on the surface, but keep paddling like fury underneath.

'Professor, what is this you wrote at the end of my paper?' 'I only suggested that you write plainer next time.'

A real test of will power is to have the same ailment some person is describing to you--and not mention it.

Middle age is when your memory is shorter, your experience is longer, your stamina is lower and your forehead higher.

Adolescent: One who is well informed about anything he doesn't have to study.

The Professor of English was trying to impress his class with the importance of a large vocabulary. 'I assure you,' he said, 'if you repeat a word 10 or 12 times, it will be yours forever.'

In the back of the room a girl took a deep breath, closed her eyes and whispered, 'Harry, Harry, Harry....'

Mary: 'What does a tailor do to all his customers?' Sherry: 'He gives them fits.'

'Dear Mom and Dad,' a young college student wrote home to his family. 'I haven't heard from you in nearly a month. Please send a check so I'll know you are OK.'

The realtors put it thus: 'Say it with a home and raise your own flowers!'

A sure way to lose money is to bet on a sure thing.

The younger generation is alike in many disrespects.

The human brain is like a freight car--guaranteed to have a certain capacity but often running empty.

Prejudice is a great time saver--it enables one to form opinions without bothering to get the facts.

Gossip: Something that goes in one ear and over the back fence.

Money may not buy happiness, but with it you can be unhappy in perfect comfort.

The mind is like the stomach. It is not how much you put into it that counts, but how much it can digest.

Two women were preparing to board the airliner. One of them turned to the pilot and said, 'Now please don't travel faster than sound. We want to talk.'

Success is the ability to get along with some people----and ahead of others.

Work hard and save your money and when you are old you can have the things only young people can enjoy.

If a man's wife is his better half, and he marries twice--what happens to him?

Inflation or no inflation, the cost of living seems to remain about the same--all that we earn.

Inflation: Something that cost \$5 to buy a few years ago now costs \$10 to repair.

Love is an ocean of emotion amid expanses of expenses.

Maturity for a woman is when she stops measuring herself with a tape measure and uses it to measure things she is sewing.

Hope for the best, prepare for the worst, and philosophically accept whatever comes.

Horse sense is that sense which keeps a horse from betting on the human race.

The train came to a sudden stop. A woman passenger picked herself up off the floor and asked the conductor what had happened.

'We hit a cow,' he told her. 'Was it on the tracks?' 'No,' said the conductor dryly, 'we had to chase it across a field.'

The quickest way to be convinced that spanking is unnecessary is to become a grandparent.

One thing about the good old days--if you bought a horse you could be pretty sure the model wouldn't change the next month.
