NOTICE OF SCHOOL ELECTION

Upon Question of Increasing Tax Levy Over Amount Limited by Section 11, Article XI, Oregon Constitution

Notice is hereby given that an election will be held in School District No. 61 of Malheur County, State of Oregon, from 8:00 a.m. to 8:00 p.m. on April

16, 1968 at the Adrian Elementary School in said school district, for the purpose of submitting to the qualified voters of said district the question of increasing the tax levy for the fiscal year 1968-1969 over the amount limited by section 11, article XI, of the Constitution of Oregon.

The reasons for increasing such levy are: No tax base, money needed to operate school.

The amount of tax, in excess of the constitutional limitation, proposed to be levied for said fiscal year is \$226,112.50, which, expressed as a rate of levy, is estimated at \$15.16 per thousand dollars of true cash value of taxable property within the district.

Dated this 26th day of March, 1968.

Attested: C. G. Brown, District Clerk; Calvin Martin, Chairman Board of Directors. Published March 28, April 4 and 11, 1968.

NOTICE TO BIDDERS ON FIVE-TON TRUCK

Loboy Trailer, 5-Speed Transmission, with 3-Speed Browline, 22,422 mileage.

Sealed bids will be received in the North Board office until May 6, 1968, when they will be opened.

North Board officials reserve the right to reject any or all bids.

/s/ Adam Focht, Manager. First Published: April 11, 1968.

Final Publication: April 25, 1968.

NOTICE OF SCHOOL ELECTION

Upon Question of Increasing Tax Levy Over Amount Limited by Section 11, Article XI Oregon Constitution

Notice is hereby given that an election will be held in School District No. 26 of Malheur County, State of Oregon, from 8:00 a.m. to 8 p.m. on April 26, 1968, at Little Theatre, Nyssa High School in said school district, for the purpose of submitting to the qualified voters of said district the question of increasing the tax levy for the fiscal year 1968-1969 over the amount limited by section 11, article XI, of the Constitution of Oregon.

The reasons for increasing such levy are: To provide necessary funds for operating schools for the coming year. The amount of tax, in excess of the constitutional limitation,

proposed to be levied for said fiscal year is \$71,029, which, expressed as a rate of levy, is estimated at \$1.87 per thousand dollars of true cash value of taxable property within the district.

Dated this 5th day of April, 1968.

Attested: D. E. Nedry, District Clerk; Henry Espin, Chairman Board of Directors. Published: April 11 and 18, 1968.

NOTICE OF FINAL ACCOUNT

Mrs. Orma Cleaver was a March 30 overnight guest of her daughter, Mr. and Mrs. Delbert Cleaver. She visited at the home of her son, Mr. and Mrs. Alva Goodell. Her granddaughter, Gail was a March 31 overnight guest.

Antelope Nine Takes 11-7 Win From Homedale

Adrian won its second league test Friday with an 11-7 win over Homedale.

The Antelopes are now 4-1 overall, while Homedale has lost both of its league games.

Fielding problems seemed to continue to plague Coach Ken Kellum's nine as seven errors helped the Antelope's four-run margin of victory. Home runs were hit by Tim Tallman of Adrian and the Trojans' Dan Uranga continued his hitting spree with a homer, triple and single.

Batteries for the Antelopes were Skogan, Pratt, Condra and Cutler.

How To S-T-R-E-T-C-H Your Water Supplies

Now that you know irrigation water supplies are apt to be "short" this spring and summer - What can you do to get the most good from a "short" supply?

Here are some suggestions from the US Department of Agriculture, Soil Conservation Service.

Plan your water use -- field by field.

Rid your ditches of all silt and excess plant growth that may "rob" you of your water.

LOOKING FOR GOLDEN HARVEST FERTILIZER?

YOU'LL FIND IT AT
FARMERS SUPPLY COOP.
Ontario • 889-5365
PRODUCERS SUPPLY COOP.
Nampa • 466-7841

Give special attention to ditch sections where greatest water losses occur -- line the ditch if possible.

Shorten water runs where possible, and don't irrigate unless a soil moisture check indicates the need.

Time your water use -- avoid waste.

Check moisture penetration during irrigation to determine when adequate water has been applied - use soil auger or shovel.

Shift your water to the next set as soon as penetration is satisfactory to meet the needs of the crop.

Avoid over use of water as too much soil moisture may injure rather than benefit the crop.

Concentrate your water on most productive land.

If water supply is "too short" to do the whole job, use it only on the best land where you will get the best crop.

Concentrate your water on your best pasture acres and let only the poor pasture go dry.

Nyssa Bulldogs Net 20 Victory Over Tiger Nine

The Nyssa Bulldogs extended Ontario's hardluck streak to four straight losses by topping the Tigers 2-0 at Ontario last Thursday.

A run in the first, and another in the seventh sent Ontario down to loss number four with no wins as Nyssa upped its record to 2-4 for the year.

The two-run margin of victory was the largest over Ontario so far, their first three defeats having been by one-run margins.

Frank Rambaud was on the mound for the winning NHS Bulldogs, with Steve Pecora behind the plate.

Vorlex®

IS BEST FOR POTATOES
and Vorlex users are the first to say so.

"Although 1967 was a year that produced some unusually poor potato crops in our area, we feel our 1967 potato yield and quality was substantially increased by our fumigating with Vorlex at 2 1/2 gallons per acre. We were certainly pleased with the results."

Robert S. Skyles
White Sage Farms, Inc.

"Row fumigation with Vorlex at 5 gallons per acre produced 100 sacks of potatoes per acre more than the untreated area. This is the highest yield I've ever produced (592CWT/A). And, the percentage of #1 potatoes was greatly increased."

Where I didn't Vorlex fumigate I lost the potatoes due to nematode infection."

Kenneth Tamura
Wilder, Idaho

Vorlex - THE COMPLETE SOIL FUMIGANT

Vorlex does more, produces more, and is economical to use!

Vorlex controls nematodes—soil-borne diseases and weeds.

Growers report Vorlex fumigation gives bigger potato yields and better quality
