

Handicapped, Retarded Child Group Tells Recent Progress

President Mrs. Joe Mollahan presided at the business meeting of the Treasure Valley association for Handicapped and Retarded, Inc., when the group met May 14 at the Moore hotel in Ontario. It was reported that funds are still coming in to support the organization, and approximately \$70 has been realized from the Friday evening auctions.

Mrs. Jim Frasier of Ontario reported on a meeting which she had attended to obtain a Vista volunteer worker for the local area to work with the mentally retarded. She said that it now appears that such a worker will not be available before the fall of 1969 or even later.

Six members of the 'J' Sorority, with their advisers Mmes. Del Meeker and Norman Ireland, attended the May 14 meeting to report on a May 2-4 YOUTH workshop, sponsored by the Idaho Association for Retarded Children, which they had attended on the U of I campus. The term YOUTH means Youth Organized and United To Help. YOUTH organizations are composed of young people between the ages of 13 and 25 who are interested in helping the mentally retarded.

VFU Challenge Money Transfer Of Veteran Funds

Pam Berria briefly summed up the social activities during their workshop. Linda Berria mentioned workshop speakers, stating that David Sloan from Texas is especially informative on what teenagers are doing and can do to help the mentally retarded.

She also stated that one speaker explained the "Buddy System" which is being used very effectively in Pocatello. "Buddy System" means that a trained and interested teenager spends time with a retarded child to help with hobbies, other preplanned activities, or take the child to some social activity, thus freeing the parents for an afternoon or evening and at the same time helping the child to develop potential assets.

Games and music to help the retarded youngsters to develop muscle coordination and gain

self confidence was topic of Janet Iseri's report. She mentioned several rhythm instruments which can be made from discarded household items.

Betty Iseri, president of the 'J' Sorority, presented a monetary gift of \$37.20, the proceeds from a silver tea, to the association. Other members present were Nancy Ireland and Barbara Iseri.

Mrs. Rudolf Broderson of Payette reported that various members of the 'J' Sorority are going to assist with a summer recreation program supervising outdoor games and activities. The summer recreation program is scheduled to begin June 18 at the Ontario Church of Christ.

A social hour concluded the meeting at which time the members were able to get acquainted with the advisory board. Among board members present were Dr. J. T. Burdic, Dr. H. Inahara, Mrs. Nita Bellows and Bill Blackaby, all of Ontario; and Ed Campbell of Fruitland.

YOLANDA ORDONEZ

ANGELICA SERRANO

ALMA RODRIGUEZ

BERNIE GARCIA

ROBERT PATTERSON, DIRECTOR OF MIGRANT AFFAIRS at Treasure Valley Community college, recently notified officials at Nyssa high school that four Mexican-American students, dependents of farm workers, will be given educational assistance to proceed with post-high school education at the area college. Students who are to receive grants-in-aid are Bernardo Garcia, son of Mr. and Mrs. Jose Garcia;

Angelica Serrano, daughter of Mr. and Mrs. Enrique F. Serrano; Yolanda Ordonez, whose parents are Mr. and Mrs. Emilio Ordonez; and Alma Rodriguez, daughter of Mr. and Mrs. Miguel Rodriguez, all of Nyssa. The grants-in-aid require the students to work in special programs at the college in return for the assistance. The four NHS 1968 graduates plan to begin their college education this fall.
