ALERTING COLLEGES!

Millions of college students are returning to campuses throughout the country to begin the fall semester. They represent both the hope and the shape of the future. From the standpoint of educational opportunities and intelligence, they are far better equipped than any preceding generation to participate constructively in developing solutions to the many complex problems confronting our Nation.

It can be expected that most of these young people will fulfill the promise they represent to us. In so doing, they will join hands with the millions of Americans of good will who actively seek meaningful solutions to our social life. If our joint progress in this regard is impeded and deterred, much of the trouble will come from a growing band of self-styled revolutionaries who are using college campuses as a base for their destructive activities. This comparatively small group of arrogant, hard-core militants have contempt for the majority and our democratic processes. They regard themselves as the nucleus of an elite dictatorial ruling class of the future.

These extremists openly avow that their aim is to overthrow the existing order. Under the guise of academic freedom and freedom of speech, they profess to seek a dialog, when actually what they seek is a confrontation with established authority to provoke disorder. Through these confrontations, they expect to smash first our educational structure, then our economic system, and finally our government itself.

It is vitally important to recognize that these militant extremists are not simply faddists or "college kids" at play. Their

OBITUARIES

PEARL SCHWEIZER

Funeral services for Mrs. Pearl Leone Schweizer were conducted Wednesday afternoon, Sept. 11, 1968 at Lienkaemper chapel in Nyssa. Officiating was the Rev. M. S. Frantz, former minister of the Nampa Church of the Brethren. Mrs. Schweizer succumbed Sunday at Pendleton.

She was born August 2, 1899 in Benton County, Ark., and was married to George Schweizer on Dec. 10, 1939 at Nampa. The couple resided on route 1, Nyssa from 1939 until 1958 when they moved to Ontario.

In addition to Mr. Schweizer of the home, the deceased is survived by two sons, Earl of Medford, Ore., and Max Schweizer of Portland; three daughters, Mrs. Kenneth (Fern) Ahrens of Nampa, Mrs. Barr (Evelyn) Doolittle of Huron, So. Dak., and Mrs. D. A. (Nellie Jean) Van Scoy of Portland. Other survivors include a brother, Clarence Edmondson of Gentry, Ark.; two sisters, Mrs. Nora Compton of Boise and Mrs. Estella Campbell of Weiser.

Seventeen grandchildren and 27 great-grandchildren also survive. Six brothers and sisters preceded Mrs. Schweizer in death.

cries for revolution and their advocacy of guerrilla warfare evolve out of a pathological hatred for our way of life and a determination to destroy it. The workshops they hold on sabotage and how to use it to further their objectives are grim forebodings of serious intent.

This New Left movement, as it is known, is growing both in numbers and varied forms of violence. Last spring, major disorders precipitated by the revolutionary adherents of the movement occurred on a number of college campuses. In the violent uprising at Columbia University, militant students and outsiders took over several buildings and committed senseless and deliberate destruction. The incident triggered similar disturbances on other campuses. Changes may be necessary and improvements in any institution can be made, but this is not the way to do it.

Encouraged by their "success" at Columbia, the anarchists in the New Left movement are boldly spreading the word that they intend to "create two, three, many Columbias," in the manner of one of their "heroes," Che Guevara, the Cuban revolutionary who cried "create two, three, many Vietnams!"

The main thrust of the New Left movement arises from the concerted efforts of the Students for a Democratic Society. Many of its members and some of its national leaders openly profess their faith in communist concepts and their determination to "restructure" our society. One of the militant spokesmen of this group stated, for example, that "perhaps 25 universities linked to the movement would be too much for the police -- for the dominant class -- and we would get what we demand."

The New Left leaders plan to launch a widespread attack on educational institutions this fall. They are relying on collegiate dissidents and militants to bolster and accelerate this drive. It would be foolhardy for educators, public officials, and law enforcement officers to ignore or dismiss lightly the revolutionary terrorism invading college campuses. It is a serious threat to both the academic community and a lawful and orderly society. - John Edgar Hoover, Director (Reprinted from the FBI Law Enforcement Bulletin) - Sept. 1, 1968 Issue.

HAWAIIANS FIGHT HIGH DRIVING COST

Hawaiians are pulling on their driving gloves to fight the high cost of motoring.

Islanders say they'll push Congress to exempt them from state oil-import quotas. These now force Hawaii to buy mainland oil instead of cheaper foreign petroleum products.

The price of regular gasoline here is just under 43 cents a gallon -- perhaps the highest in the 50 states.

In other efforts to tighten the cap on gas prices, Hawaii is mounting an antitrust suit against the three major United States oil companies on charges of price fixing and monopolizing the Hawaiian market.
