# **BEET GROWERS RECEIVE** \$2.7 PAY ON 1967 CROP

Southwestern Idaho and eastern Oregon are getting a 2.7 million dollar boost to their economy this week.

Sugarbeet growers are receiving that amount in checks mailed from The Amalgamated Sugar Company, producers of White Satin Sugar, as final payment for the 9.6 million dollar 1967 beet crop grown last year in the Treasure Valley.

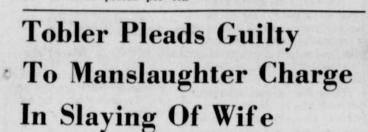

Growers received an average of \$14.44 per ton for their beet crops delivered last fall to the Nampa-Nyssa factory areas. The price reflects sales revenues from refined sugar, and Sugar content.

Amalgamated's total three-state payment for a 2.8 million ton crop exceeded 36 million dollars. Both are substantially higher than the 1966 crop price and yield.

Leon Evan Tobler, 26, Nyssa, Tuesday pleaded guilty to a manslaughter charge in connection with the slaying of his wife, Croletta Tobler, June 13, and was sentenced to an indefinite term not to exceed 10 years and fined \$2,000.

Sentence was pronounced by Presiding Judge Charles H. Foster of Lake County appointed by the Oregon Supreme Court following Malheur County Circuit Judge Jeff Dorroh, Jr. had removed himself from the bench at the request of defense attorneys, Max Taggart and Steve Fonda.

Originally charged with second degree murder the charges were reduced to manslaughter following a conference of defense attorneys and District Attorney H. Cifford Looney.

# **Nyssa Chamber Members** Hear "Pros" And "Cons" On 1 1/2 Percent Measure

Nyssa Chamber of Commerce members turned out in force for the Wednesday noon meeting to hear presentation on the Constitutional Measure Number 7 (To limit property taxes to 1-1/2 percent of true cash value). It had been announced previously that both sides of the issue would be debated and the dining room was filled to capacity-including some members of the fairer sex.

Joe Hobson, Ontario farmer, representing the Malheur County Tax Limitation committee spoke first and was followed by Grant H. Rinehart, Nyssa Mayor and member of the Treasure Valley Community college.

The measure has created so much interest in the countypossibly even surpassing the outcome of the Presidential election -- that the editor of the Journal has elected to carry the written speeches of both, in the interest of those who were unable to be present. Their presentations were frequently used in the first tense and this is not intended as an analysis of the talks. A report of the main questions and answers following the talks will be given at the end of the speeches.

### **State College Teams** Visit Nyssa High; Supplement Guidance

Nyssa high school will host a visitation team comprised of representatives of the state colleges and universities on Thursday, Nov. 7, 1968 at 1 p.m.

Unique throughout the United States is the Oregon State System of Higher Education "visitation team" which visits every high school in the state. The team impresses upon secondary students the need for some type of education or training beyond high school.

The visitation suppliments the guidance of Nyssa high school. Students will be given first hand information about course offerings, admission requirements, housing, costs to attend, financial aids and scholarships and other information pertinent to planning for the college experience.

Parents are invited to attend the visitation and are urged to discuss post high school plans with their sons and daughters before and after the conference. Nyssa high school will host Adrian high school students for

the conference.
