### Local Auxiliary Is Sole Donor

Due to a misunderstanding in communications between women of the Eagles auxiliary and a Journal reporter, an error was made in a recent story about the gift of a wheelchair given to Linda Simpson and her parents, Mr. and Mrs. Donald (Gene) Simpson.

The Journal article stated that a part of the funds came from the state organization, however, that statement was in error. The money was provided entirely by the local auxiliary.

This reporter believes that the misunderstanding came about due to the fact that Nyssa Auxiliary Past President Elaine Olsen is now rehabilitation chairman for the State organization and at that time it was merely supposed that the project was handled jointly.

The Journal's apologies to members of the FOE auxiliary. The fact that the local women did provide all the funds, makes it an even greater gift for a appreciative family of this area.

Hard work is just the sum total of the easy things you didn't do when you should have.
