## Bullpups Bomb Ontario Tigers

With Mike Smith making the first touchdown, the JV team started climbing toward their victory of 27-0. Scott Engstrom then ran a point after touchdown. Dave Manley made the second touchdown, after which Ron Moffis made the extra point. Ron then scored both the third touchdown and the point after touchdown. Rick Chester made the fourth touchdown. The attempt for a point after touchdown was unsuccessful.

NHS coaches would like to commend Dave Manley, Ron Moffis, and Mike Smith for the outstanding offensive effort. They would also like to give credit to George Lara, Ron Moffis, and Jonathan Reecer for a fine defensive game. Coach Neel stated that the "defense played their usual hard nosed game while the offense finally put together several fine drives to give us our best effort of the season." - NHS Bulldog.

## Knights Take Bulldogs 67-0

The Kelly Knights poured on in the first-half and experimented in the final two periods as they bombarded the Nyssa Bulldogs 67-0 in an A-1 league game Friday evening. It was Kelly's eighth consecutive win which clinched a tie for first place in the conference.

The Nyssa team was hampered by several key injuries and in the first half managed only one first down and six net yards. Statistics are: First downs, Nyssa, 1, Kelly, 10; Rushing, 64, 273; Passes, 1-18, 7-14; Interceptions, 0, 3; Fumbles, 0-1; Punts, 8-26, 2-43; Penalties, 4-15, 5-50.

On Friday evening, Nov. 1 the Bulldogs will host the Wolverines from Weiser. Game time is 8 p. m.

## NJHS 'DOGS' TAKE HONORS IN SRV PLAY

Stomping the Vallivue Falcons 25-0 Friday, Oct. 25, were the undefeated Nyssa Junior high Bulldogs. Co-captains for the NJH Bulldogs are John Bernal, Rod Lewis and Ron Wilson. Coaches for the undefeated squad are William Gilliam and Dennis Savage.

Ron Wilson, making Nyssa's first two touchdowns, racked up 12 points for the Bulldogs in the first and second quarters of the game. Helping to add to the NJHS score was Rod Lewis, running a TD in the third period. Nyssa's final touchdown in the third quarter was made by John Bernal. The extra point was kicked by Paul Eiguezabal.

Having a 6-0 over-all record for the season the NJHS Bulldogs took the Championship trophy. - Dennis Urry and Ron Bone, team managers and reporters.

## ADRIAN TAKES 46-0 VICTORY FROM WILDER

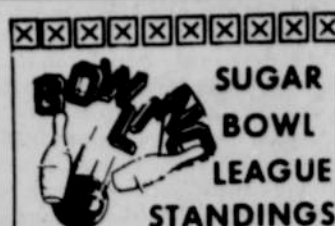

The Adrian Antelopes combined fine offensive and defensive efforts Friday evening to defeat Wilder 40 to 6. It was Adrian's third conference victory, with no defeats, and the win raised their season's record to 6-1.

The Antelope offense was led by the running of Pud Franks, who gained 186 yards and scored three touchdowns. Adrian scored in every quarter but the fourth. Franks scored the first touchdown on a three-yard run. In the second quarter Gonzales scored on a nine-yard sprint. Franks then scored the next two touchdowns on runs of two and 14 yards. This gave the Antelopes a 26-0 halftime score.

Adrian came back in the second half and scored two more TD's in the third quarter. Daryl Stoker scored on a 21-yard sprint and Gary Franks on a two-yard run. Nick Gaviola kicked four for six extra points. In the fourth quarter, Wilder's Dennis scored on a 30-yard run. Adrian's coaches say they feel their offensive blocking was outstanding. Behind the blocking of linemen, Burdette Pratt, John Phelps, Mike Duncan and Earl Stoker, Adrian was able to gain 368 yards. Adrian's defense did another fine job in allowing Wilder only 163 yards rushing and passing. Again defensive standouts were Pratt, Phelps, Pud Franks, Duncan, and Earl Stoker.

Adrian's next contest is an afternoon game at Notus Friday, Nov. 1. Game time will be at 3:30 p.m.

If the Antelopes win this week they will assure themselves of a co-championship in the SRV A-3 league play.

ing property is an essential incentive for the free enterprise system. Voting dates have been criticized. A big advantage for the taxpayer is that budget elections can no longer be scheduled on irregular dates with INSUFFICIENT or INCONVENIENT polling places.

Another BIG advantage is that taxpayers will be voting on ALL budget increases at one time. This way the taxpayers can see the entire picture. I ask you... WHAT COULD BE MORE FAIR for the people paying the bill? The argument has been stressed that Malheur County will LOSE 1.15 million dollars or that it will COST Malheur County 1.15 million dollars. I submit to you this is a MISUSE of the words LOSE and COST. I present the idea that most of

the 1.15 million dollars SAVED by the taxpayers will be spent in Malheur County and the ECONOMY will benefit... the BUSINESSMEN will benefit... and the PEOPLE will benefit and have a higher standard of living.

The statement has been made that industry is not attracted to Oregon because of the instability of the tax system... industry doesn't know what is going to happen. The passage of the property tax limitation is the first step towards stabilizing the Oregon Tax Program.

The criticism has been made that local units of government will no be able to operate the first year the 1-1/2% limitation is effective. I quote from the Attorney General's opinion #6559 issued on Oct. 18, 1968... just 13 days ago... Quote "#12. The November election could be used to approve a levy for the CURRENT fiscal year or the next one as the voters intended."

Fear has been expressed that the metropolitan areas of our state would be able to control the legislature and implement this limitation to our disadvantage. From past experience I KNOW that with the capable legislators elected from the balance of the State this has not been allowed. For instance our two legislators hold positions of great importance and influence in BOTH the House and Senate. These positions are ENVIED by those from the metropolitan area.

We feel NOW is a better time to face the problem of any allocation of funds, because as the population continues to shift TO the metropolitan areas... POSTPONING THIS ISSUE ONLY MEANS our representation will become less and less.

Over 80% of the property taxes paid in Malheur County are paid by individuals... consequently, over 80% of the benefit from this limitation will go to individuals.

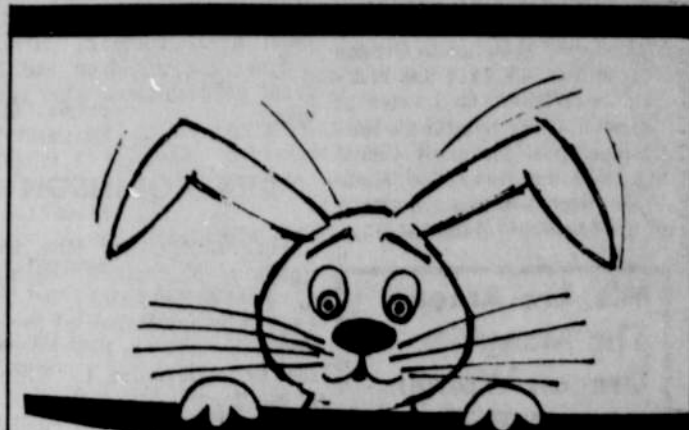

School teachers are making drastic predictions to students of drastic curtailment of THE activities the students enjoy most. To be fair to the students, BOTH sides of the issue should be presented. It NEEDS to be pointed out that only school boards, administrators, and the State Department of Education make decisions on changes in curriculum.

The dire predictions made by speakers in our area are speculations based on the Oregon legislature doing NOTHING to solve problems when they meet in January 1969... six months before the limitation becomes effective. We do not feel the Oregon Legislature will entirely abandon their responsibility to local taxing districts. EMERGENCY MEASURES ARE

A PRIVILEGE OF THE STATE LEGISLATURE. That statement was called "flatly false" by Mr. Grant Rhinehart at the Press Club meeting in Ontario last Friday.

Evidently Mr. Rhinehart jumped to the conclusion we were referring to the so called "emergency clause" which cannot be attached to tax measures. We were NOT REFERRING to the "emergency clause." We said EXACTLY WHAT WE MEAN. IT IS THE PRIVILEGE AND RESPONSIBILITY OF THE LEGISLATURE to pass legis-

lation IF emergencies arise. Believe me all legislators are watching this election and the people can force the legislators to do something about tax reform by voting YES on Ballot Measure #7. Vote YES if you want the limitation. I disagree that the measure will be impossible to live with. I submit that some procedures will be more difficult and take more planning. Ballot Measure #7 will place a limit on the amount of tax that can be placed on property. (Continued On Page 10)

# BEWARE OF TRICKS IN No. 6

This increased gas tax bill is unnecessary. It only adds an extra tax, without giving the state any power the state does not already have. It also opens the door to future raids on our regular highway funds by making highway funds fair game for any other special interest groups.

# WHY PLAY RUSSIAN ROULETTE WITH YOUR TAX SYSTEM ??

## A "Yes" Vote For Amendment No. 7 Could Mean -

- \* LOSS OF LOCAL TAX CONTROL.
- \* LOSS OF EXPENDITURES FOR MAINTAINING GCOO COUNTY ROADS; REDUCTION IN EXPENDITURES FOR LOCAL ROAD DISTRICT.
- \* LOSS OF EFFECTIVE POLICE PROTECTION.
- \* LOSS OF NEW FIRE ENGINE SERVICES WHICH COULD RESULT IN INCREASED FIRE INSURANCE RATES.
- \* LOSS OF CEMETARY FINANCES.
- \* LOSS OF SWIMMING POOL SERVICES AND OTHER PARK AND RECREATIONAL FACILITIES.
- \* SEVERE CUTBACK OF LOCAL HOSPITAL SERVICES AND LOCAL LIBRARY FUNDS.
- \* CHAOS IN OREGON EDUCATIONAL SYSTEM, CURRENTLY NO. 1 IN THE NATION.

A REPLACEMENT TAX TO MAKE UP THIS LOSS IN REVENUE COULD NOT BE PUT INTO EFFECT FOR A MINIMUM OF TWO YEARS.

SAVING GAINED THROUGH PROPERTY TAX LIMITATION WOULD INCREASE STATE AND FEDERAL INCOME TAX WHICH MEANS SENDING MORE MONEY TO WASHINGTON AND SPENDING LESS AT THE LOCAL LEVEL.

NEARLY 40% OF TAX SAVING WOULD BE IN MULTNOMAH COUNTY (PORTLAND AREA). A TAX REFORM IS INDEED NECESSARY, BUT AN INITIATIVE MEASURE WHICH ALSO PROVIDES FOR SOME FORM OF SALES TAX OR AN INCREASE IN INCOME TAX WILL BE MORE EFFECTIVE AND LESS DAMAGING THAN VOTING FOR AMENDMENT NO. 7.

**VOTE NO ON NUMBER 7!**
