FARM-CITY WEEK SPOTLIGHTS AG PROGRESS, GOALS

The fanfare for the week of Nov. 22-28, National Farm-City Week, is being directed at the second largest member of Oregon's 3-F Club, which consists of the state's industrial big three, forestry, farming and fun, or in other words imber, agriculture and tourism.

In proclaiming the annual observance, President Johnson noted that one of the tools for achieving a high quality of life in the 21st century will be "an agricultural capacity for abundance never before attained by any nation."

Although this goal may be in the future, Robert Coppedge, Oregon State University extension agriculture economist, has ferreted out some figures to find out how Oregon family farmers are faring in the fight to furnish the nation with the finest in food and fiber while attempting to remain financially firm themselves.

For one thing, Coppedge says, Oregon is on the rise, (an infewer farmers and larger farms are producing the food and fiber for a rapidly-growing population. In 1950, for example, the average size Oregon farm was 335 acres. By 1968, the average size had increased to 504 acres. During the same time, the average U. S. farm in-

creased from 213 to 369 acres.

FEWER FARMERS

and fertilizer in 1967.

The farm population in Oregon dropped from 228,000 in 1950 to 138,000 in 1960 and the number of farms decreased from 62,600 in 1950 to 41,500 in 1968. In 1950 one farm worker supplied 15 people with food and fiber while he now produces enough for more than 40

More than 100,000 persons are employed in agriculture or agri-business jobs in Oregon, or more than one-seventh of the total work force. Those employees, according to Coppedge, buy clothing, gasoline, entertainment, insurance policies, houses and all the other standand items in the economy.

EXPENSES KEEP PACE

Although net farm income in

crease of \$800 per farm from

1960 to 1967) expenditures are

also going up. The farmer in Oregon spent \$442 million in

1967 to produce his crops. The

majority of these expenditures

are made to Oregon business-

men. For example, farmers spent \$109 million for feed, seed

Production expenses have kept pace with cash receipts over the last seven years, Cash receipts were \$100 million more last year than in 1960, but the increase in production expenses also topped \$100 million during the same period.

Total net income to Oregon farmers declined slightly in 1967 from the 1966 level, but was higher than in 1960. That year, the total net income was \$129.1 million and the 1967 income estimate was \$147.6 million. Total net income per farm was \$3,514 last year, compared to \$2,747 in 1960.

"THANK YOU" TO ALL WHO PAID FOR A NEW OR RENEWAL

THOSE WHO RECEIVED COMMISSION CHECKS, WHICH

SUBSCRIPTION DURING THE GATE CITY JOURNAL'S DRIVE.

Through 200 New Subs The Journal subscription campaign that ended Saturday night, November 16, was a huge success. Six kids were winners of brand new bicycles, 24 received checks for their efforts and the local paper added almost 200 new names to the growing

list of new readers. The campaign, conducted by Mrs. J. D. Stack, started Oct. 26 and lasted three weeks. Judges Mrs. Tom (Ellen) Jones and Mrs. Earl (Earlene) Jennings came in at 9 p.m. Saturday to make the final tally of points to determine the pos-

ition of all contestants. This was completed about 11 p.m. and the bicycle winners were notified that they could get their prizes that night if they "so desired." They all "desired" except two who wished to exchange their vehicles for a different style, despite the lateness of the hour and rather inclement weather.

GOOD TRAINING FOR KIDDIES

Parents have remarked what good training the campaign was for the kiddies. It has taught them more self-reliance, to handle money and keep records, and most importnat the idea that work is the best way to attain one's goals.

It also taught some that a little more effort would have enabled them to be among the top winners.

A complete list of the rankings of the contestants is carried elsewhere in this issue of the Journal.

NEW READERS WELCOMED

The new subscribers, representing about 800 new readers, are welcomed by the Journal staff, and invited to become contributors of news and letters. They are also welcomed

by the regular advertisers who will benefit through the wider coverage. In addition to the new subscribers a large percentage of

the old readers gave a renewal to the kiddles during the campaign.

Pheasant Season **Closes Sunday**

Upland bird hunters have one other organizations to attend more weekend in which to pursue the colorful ring-necked in eastern Oregon, along with Mrs. Cleaver states that the pheasant, considered by most the season on Hungarian and youth who were at the confer- hunters to be the prize upland chukar partridge, will con-

set on November 24 the statewide season on these birds will come to a close, marking an end to the 1968 hunt.

Also to close at that time is the season in western Oregon on quail, both valley and mountain. The season on quail tinue through January 19.

DOGS NEEDED

Dogs will be required to flush birds from heavy cover in eastern Oregon. Also, many ringnecks have taken to the sagebrush hills away from the adjacent agricultural lands.

chukar populations are good in and adjacent brushy canyons.

most areas of eastern Oregon but are now scattered at all

elevations. There is a bumper crop of valley quail, and shotgunners are missing an excellent bet by not concentrating on these birds. Mountain quail populations are also quite high in many areas. Look for these Gunners are advised that birds along brushy waterways

With a 5-0 league record the Adrian Antelope football boys earned the 1968 SRV A-3 championship title. The grid players are: first row (1 to r); Lee Sipes, Jim Thomas, George Gonzalez, Mike Duncan, Rex Franklin, Gary Franks, John Davis, Pud Franks, John Phelps, Danny Miller, Manager.

Second row; Nick Gaviola, Keven Hall, Alan Atagi, Sam Chaney, Ron Miller, Kelly Campbell, Steve Davis, Earl Stoker, G. B. Condra, Bruce Ishida, Dennis Stoker. Third row; Andy Warrington, assistant coach, Dan Nelson, Pat

Corn, Dan Judd, Jim Conant, Dan Martin, Daryl Stoker, Mark Pratt, Clyde Martin, Rod Price, Clyde Underwood, Bill Grau, Rusty Talbot, Bob Bates, coach, Not shown is Burdette Pratt.
