"Are Your Batteries Ready For Spring Work?" Let Us Make Sure For You!

We'd like to get to know you.

Maybe you've been a little hesitant to ask a bank for advice. Because you've always thought of a bank as being cold. And impersonal.

Well, lately, we've had the same feeling. That, maybe, most banks are about as stuffy as people think they are. But maybe, if we knew you a little better you wouldn't think that way about us.

Which is why we'd like to get to know you. Chances are the only person you know in your bank is your favorite teller.

At the First, we'd like you to know more of our people. Then, if you have a question about savings or loans or mortgages, you won't hesitate to ask.

So stop in. At any First National Branch. While you're in the bank, you'll see boxes of "We'd like to get to know you" buttons for you or your children to wear.

Take some along. They represent the many little things we'll be doing in the next few months that are going to make a big difference in the way you bank. You see, we're the largest bank in Oregon.

And we figure you made us this way. So, the least we can do, is make your banking a little easier. A little nicer. And a lot less bankey.
